We created Catholics in Alliance for the Common Good to organize for a moment like this. But I think it lacks the leadership to do so now. Likewise Catholics United. Like most Spring movements, I think this one will have to be bottom up. I'll discuss with Tara. Kathleen Kennedy Townsend is the other person to consult.

Anti-Corruption Journalist. Tony Moser, a critic of the Arkansas Democratic Party political machine, was killed as he crossed a street in Pine Bluff 10 days after being named a columnist for the Democrat Gazette newspaper and two days after writing an article which exposed the looting of programs designed to obtain money from "Dead beat" parents to then give to their children. The police declared that no crime had been committed since the anonymous driver of the 1995 Chevy Pickup truck that struck and killed Moser was not intoxicated nor was he speeding. In Arkansas, that apparently makes it legal to run down a politically unpopular journalist.

Charles Ruff, Age
Clinton lawyer on Monica Lewinsky case. Charles Ruff was one of Clinton's attorneys during the impeachment trial and was known to have inside information on the White House emails scandal as well. Original reports were that he died in an accident in his home although no details were given. Then the report changed to claim that he was found in his bedroom unconscious, then declared dead on arrival at the hospital. The authorities will provide no details other than the usual (and quite premature) assurances that there was no foul play involved.

John F Kennedy JR, Age 38
Potential Candidate for Senator from New York. Within days of an NBC Dateline story hinting at a possible run for the Senate seat currently assumed to be the property of Hillary Clinton, JFK Jr. and his wife and sister-in-law died when the Piper Saratoga II TC JFK Jr. was piloting crashed in to the ocean just short of Martha's Vineyard. The NEWSWEEK issue for the following Monday which NBC Dateline had reported would announce JFK Jr's candidacy was yanked from distributors and destroyed.

Even before the wreckage of the plane had been found, the media was saturated with news stories declaring the weather to have been very hazy (the weather was VFR conditions, and 8 mile visibility, plus weather radar and witnesses on Martha's Vineyard all reported clear skies) making it impossible for JFK Jr. to know which way was up (he also had working instruments in the aircraft).

As was the case when TWA 800 was shot down, the United States Navy took control of the crash site, ordering an unprecedented 5 mile wide no-fly zone while the wreckage of the aircraft was recovered and taken to a military base.

Reporters Cindy Adams and Andrew Goldman have documented the planting of false information about JFK Jr. in the media in the days following his crash. The feeding of false information to the press proves there is a cover-up. The existence of a cover-up is why JFK Jr. gets an entry on the Dead Bodies List.

According to some reports, Mrs. Kennedy was pregnant.

Sandy Hume, Age 28
Journalist. Sandy Hume, the son of journalist Britt Hume, was reportedly found dead in his Arlington, Virginia home. Aside from the statement that this was an "apparent" suicide, there remains in place a total media blackout on this story.

Hume was a reporter for The Hill magazine, newspaper about Congress for Congress, and had broken a major story in 1997 regarding the friction between House Speaker Newt Gingrich and a faction led by Representative Paxon (who announced his resignation just 24 hours after Hume's death).

His death came hard on the heels of reports that "a reporter" was about to break a story confirming the White House's use of investigators to dig up dirt on critics.

It has recently been confirmed that the man who performed the as-yet-unreleased autopsy is none other than Dr. James C. Beyer, who has a record of concealing homicides behind a ruling of suicide and also worked on Vince Foster's case...ruling it a suicide.
Died: 2/2/1998, COD: "Suicide"

Johnny Lawhon, Age 29
In the spring of 1997, a tornado ripped through some junked cars at Johnny's transmission and opened up the trunk of a car that proved to have a box of Whitewater records in it, including a copy of a $27,000 cashiers check drawn on Madison and payable to Bill Clinton. Johnny Franklin Lawhon, Sr. realized what he was looking at and turned the box of documents over to the FBI.

According to police, Lawhon Jr. (the son) and a friend hit a telephone pole at a high rate of speed after their car had become airborne and left the road. They had driven less than 1/4 of a mile at the time of the accident.

This manner of death is similar to the single vehicle accidents that killed Paula Grober, and Neil Moody. Automobile mechanic that worked on Barry Seal's (CIA drug runner operative for Mena Airport in Arkansas while Bill Clinton was governor) car found a check for $27,000 made out to Bill Clinton. Died in a single car crash at 1 am after leaving gas station at a high rate of speed.

Mary Caitrin Mahoney, Age 25
Former White House intern shot five times during the murder of three Starbucks employees in an execution-style slaying. No money was taken.

In the pre-trial publicity surrounding Paula Jones lawsuit Mike Isikoff had dropped hints that a "former White House staffer" with the initial "M" was about to go public with her story of sexual harassment at 1600 Pennsylvania. Just days later, gunmen entered the Starbuck's while the crew was cleaning up after closing.

Mary Mahoney was involved in the Monica Lewinsky scandal and had information from other Whitehouse interns on Bill Clinton's behavior. Mahoney along with Emory Allen Evans (also age 25) and Aaron David Goodrich (age 18) were all found in the cold storage room by the morning crew at the Starbucks Coffee shop where Mahoney worked as a night manager.

Ron Miller, Age Not Released
Witness in campaign financing investigation. Investigated by authorities over the sale of his company, Gage Corp. to Dynamic Energy Resources, Inc. was the man who tape recorded Gene and Nora Lum and turned those tapes (and other records) over to congressional oversight investigators. The Lums were sentenced to prison for campaign finance violations, using "straw donors" to conceal the size of their contributions to various candidates. Indeed, Dynamic Energy Resources, Inc. had hired Ron Brown's son Michael solely for the purpose of funneling $60,000 through him to the Commerce Secretary, according to Nolanda Hill's testimony.

Reportedly a healthy man, Ron suddenly took ill on October 3rd, and steadily worsened until his death 9 days later. (This pattern fits Ricin poisoning.) Owing to the strangeness of the illness, doctors at the Integris Baptist Medical Center referred the matter to the Oklahoma State Medical Examiner's Office.

The Oklahoma State Medical Examiner's Office promptly ran tests on samples of Ron Miller's blood, but has refused to release the results or even to confirm that the tests were ever completed.

Admiral Jeremy Boorda, Age 56
Chief of Naval Operations. Boorda supposedly went home for lunch and decided to shoot himself in the chest (by one report, twice) rather than be interviewed by Newsweek magazine that afternoon.

Explanations for Boorda's suicide focused on a claim that he was embarrassed over two "Valor" pins he was not authorized to wear. Former CNO Admiral Elmo Zumwalt said on the May 17 Larry King Live show that Admiral Boorda was not only authorized to wear the "V" on his medals but that had personally authorized him to do so when he was serving as Commander Naval Forces Vietnam. When it turned out that Boorda was entitled to those decorations, blame shifted to stresses over the down sizing of the Navy, and even (Washington Times) the adverse affect that feminism was having on the Navy's morale.

Boorda supposedly left two suicide notes, neither of which was released. On Thursday, June 25, 1998, Navy Secretary John Dalton formally acknowledged that Boorda had been entitled to wear the decorations. So the proximate cause for the "suicide" turns out to be fraudulent.

William Colby, Age 76
Retired Director of Central Intelligence. He had been the DCI from 1973 to 1976 under Nixon and Ford. At age 76, Colby had found a new career and had just started writing for Strategic Investment at the time of his death. This had worried many insiders in the intelligence community who felt that Colby had already divulged too many of the CIA's secrets in the preceding years. Indeed, his dismissal by Ford because of his over-cooperation with Congressional investigations into CIA wrongdoing.

In the 1970s he opened some of the secrets of the CIA to Congress: "Colby insisted on going public about the agency's role in tapping the telephones and opening the mail of Americans plotting the assassination of Fidel Castro, and using human guinea pigs for mind-control experiments involving LSD," the Times reports.

On Monday, May 6th, Colby's body was found just 20 yards from where his canoe had been recovered, in an area that had been thoroughly searched several times by helicopters and search teams.

According to the original CNN report, Colby was reported missing by neighbors who "recovered" his canoe. Most notable about the body was the absence of a life jacket, which according to his wife, Colby always wore on the water.

As has since been proven to have happened in the JFK Jr. case false stories were being deliberately planted in the media, including one quoting Mrs. Colby herself as having been told by William Colby by phone that he was going canoeing. Mrs. Colby denied any such story. The week that he died, Colby was scheduled to meet with the Disclosure Project.

Paul Tulley, Age 48
Found dead in a hotel room in Little Rock Arkansas of "unknown causes." No autopsy allowed – Described by Clinton as a "dear friend and trusted advisor. Tully authored several key strategies for Clinton and the party. Paul Tully, 48, Democratic National Committee political director and architect of a strategy to make the party competitive again in presidential elections, was found dead in his hotel room on September 24, 1992, in Little Rock, Arkansas of unknown causes. Authorities speculated his death was from a heart attack or stroke. In a press release, then presidential candidate Clinton called Mr. Tully "a dear friend and trusted adviser." He said he was "deeply saddened by the loss." Tully devised a strategy of targeting states based on their value in the Electoral College, and coordinating the presidential campaign with state and congressional races.
Died: 9/24/1992, COD: Heart attack or stroke

C Victor Raiser II & Montgomery Raiser, Age 52
Victor was National Finance Co-Chairman, Clinton for President Campaign. Both men died in a private plane crash in Alaska one day before a scheduled interview with John Hillyer. The crash was blamed on the pilot, who survived. Five others not connected to Clinton died in the crash. – DeeDee Meyers described Raiser as a "major player" in the Clinton organization. Victor raiser was also chairman of Mobile Telecomm Technologies Corp., whose subsidiary, SkyTel Corp. is an international paging company used by federal police agencies such as the FBI. Victor Raiser was a Washington lawyer and he was counsel to the Washington law firm of Jones Day Reavis & Pogue until 1991. At his death, he was the national finance co-chairman of the Clinton for President campaign. The campaign's press secretary, Dee Myers, described him as a "major player" in the Clinton organization. He and his wife had been friends of the Clintons for ten years. He was the past national finance chairman of the Democratic National Committee. He served on the boards of the Democratic Business Council and the Center for National Policy and the board of advisers of the Democratic Leadership Council. On May 29, 1993, President Clinton announced that he had selected Raiser's widow, Molly Raiser, 50, former Democratic co-chair of the Women's Campaign Fund, to be his protocol chief and stated that he planned to nominate her for confirmation as an ambassador.
Died: 7/30/1992, COD: Airplane crash

Gary Johnson, Age 51
Witness in Gennifer Flowers case. Beaten near death and left for dead. Someone in the Clinton organization sent 3 goons to beat up and almost murder Gary Johnson, who was Gennifer Flowers' neighbor. Gary Johnson had a security camera installed at his condominium and by chance he had many tapes of Bill entering Gennifer's condominium while governor and married to Hillary). Gary's tapes were taken.
Attacked 6/26/1992, Beaten

1991

Col. James Sabow, Age 51
Supposedly about to blow the whistle on drug running activity taking place on the naval base where he was stationed. Col. James Sabow was found by his wife in the backyard of their home with his head blown off with a shotgun. The Navy ruled it a suicide. In all, more than 40 deaths by individuals concerned with drug traffic on military bases have been declared as suicides despite evidence that murder was involved.
Died: 1991, COD: "Suicide" gunshot

Danny Casolaro, Age 44
Casolaro had been working on a project he called "The Octopus." He had started his investigation over the Justice Department's theft of a software package called PROMIS from a company called Inslaw. PROMIS (Prosecutors Management Information System) was a law enforcement database system including a module that could be programmed to automatically access other databases in order to present a single picture of financial transactions or suspects from multiple sources. This made it a powerful spying tool. The US added a back door, then made gifts of the software to other governments.

All this was happening at the same time as the CIA's clandestine gun and drug running operation to supply the Nicaraguan Contras with untraceable weapons, an illegal operation. The US end of the smuggling pipeline was located in Mena, Arkansas under the protection of then governor Bill Clinton. The arming of the Contras was funded by smuggling vast quantities of cocaine into the US and laundered through various banks, land flips, and a state agency, the Arkansas Development Finance Authority, created by Bill Clinton. A CIA plane was shot down by Nicaragua and the capture of CIA asset Eugene Hasenfus blew the cover off of the operation and it became known as the Iran-Contra affair.

Casolaro apparently stumbled over the existence of a vast network of government operatives and politicians all linked together by the vast wealth acquired from the selling of CIA cocaine in the US and was working on a book exposing the government-sanctioned drug running when he was found in a bathtub in a hotel room, his wrists both deeply slashed in a manner that the pathologist declared did not appear to have been done by Danny himself. Despite this, the official verdict was suicide, although none of Danny's friends and families believed that, especially those who had been direct witnesses to the many death threats he had received. When found, the large accordion file of the notes for his new book had disappeared from his hotel room.
Died: 8/10/1991, COD: "Suicide" slit wrists

1990

Jordan Kettleson, Age Not Reported

Died: 6/1990, COD: Murder by gunshot.

1989

Jeff Rhodes, Age Not Reported
Witness in the Train Deaths. Jeff had information on the deaths of Ives, Henry & McKaskle. His burned body was found in a trash dump. He died of a gunshot wound to the head and there was some body mutilation, specifically that his hands and feet had been partially sawn off, leading to the speculation that he was tortured prior to being killed. The body was then burned.
Died: 4/1989, COD: Murder, gunshot to head

James "Dewey" Milam, Age Not Reported
Witness to Mena drug operation and Henry/Ives murders while Bill Clinton was Governor of Arkansas. Milam was decapitated. Clinton's notorious state Medical examiner, Fahmy Malak, initially ruled death due to an ulcer, claiming that the victim's small dog had eaten the head, which was later recovered from a trash bin several blocks away.
Died: 1989, COD: Murder, severed head

Richard Winters, Age Not Reported
Suspect in the deaths of Ives & Henry. Winters offered to cooperate. He was killed by a shotgun blast to the face during a "robbery" which was subsequently proven to be a setup. Dan Harmon, the Prosecutor who Winters reportedly made the offer to, was implicated in the Kevin/Ives deaths and was jailed for running his office as a criminal enterprise to extort narcotics and cash, proof that elements of Arkansas law enforcement were corrupted by drugs during Bill Clinton's tenure as governor.
Died: 7/1989, COD: Shotgun to the face

Gregory Collins, Age Not Reported
Witness to the Don Henry and Kevin Ives teenagers that died in Arkansas Train Deaths while Bill Clinton was governor. Greg had information on the Ives/Henry deaths. He died from a gunshot blast to the face. Declared a suicide.
Died: 1/1989, COD: Suicide by gunshot

1988

Keith McKaskle, Age 29
Witness to the Don Henry and Kevin Ives teenagers that died in Arkansas Train Deaths while Bill Clinton was governor. Keith had information on the Mena drug running and the Henry & Ives murders. Stabbed 113 times. He had told his family someone was out to kill him and told them "good bye".
Died: 11/10/1988, COD: Murdered by stabbing

Keith Coney, Age 19
Witness to the Don Henry and Kevin Ives teenagers that died in Arkansas Train Deaths while Bill Clinton was governor. Keith had information on the Ives/Henry deaths. Died in a motorcycle accident in May 1988 while being chased by a car. Ruled a traffic accident. Nothing was thought much of Keith Coney's death until it was revealed that Keith was on a list of witnesses to testify in front of a grand jury that had formed to look into the deaths of Kevin and Don.
Died: 5/1988, COD: Motorcycle accident

1987

Kevin Ives, 17 and Don Henry, 16
Initial cause of death was claimed to be the result of passing out on a railroad track in Arkansas after smoking twenty marijuana cigarettes. This ruling was reported by the State medical examiner Fahmy Malak, and supported by Sheriff Jim Steed, whose "thorough" investigation of the crime scene left one of the boy's foot sitting in the open for two days! In April 1988, Kevin's body was exhumed, and another autopsy was performed, this one by Atlanta medical examiner Dr. Joseph Burton who discovered that Kevin died from a crushed skull prior to being placed on the tracks. Don Henry's body was exhumed and discovered to have been stabbed in the back prior to being placed on the tracks. Governor Bill Clinton excused Fahmy Malek's "errors" saying that Malek was "tired and stressed out." Reports indicate that Ives & Henry might have stumbled upon part of the Mena drug operation, specifically a drop site in the area of Bauxite and Alexander, Arkansas. The police chief of Alexander, John Brown, acknowledged he obtained a taped confession from one of the murderers of the two boys, which was suppressed at the request of the FBI.

Jean Duffey headed up Arkansas' 7th District drug task force in 1990. She was never allowed to conduct a thorough investigation of drug running in Mena or any possible connection to the train deaths. Her task force and a federal grand jury were shut down after they started examining corruption involving public officials.

Dan Harmon was a local government official, the prosecuting attorney for Saline, Grant, and Hot Springs counties in 1979 and 1980 and then again from 1991 through 1996. He was convicted in June of 1997 on drug, racketeering, and extortion charges and has started serving eight years in prison. In January 1991, long before his drug offenses became public knowledge, Harmon convinced a judge to subpoena evidence obtained by Jean Duffey's task force — evidence gathered against him and other public officials. Ms. Duffey refused to honor the subpoena, fearing for the lives of witnesses (many of whom did turn up dead) and fled the state when a warrant was issued for her arrest.
Died: 8/23/1987, COD: Murder, crushed skull.

1986

Barry Seal, Age 46
CIA drug pilot. Now known to have been a gun and drug smuggler for the CIA, operating out of the Mena airport. Barry Seal had reportedly kept in contact with Bill Clinton's head of security at the governor's mansion, Raymond "Buddy" Young, the ex rodeo clown who is now the number 2 man at FEMA.

Following his fall from CIA grace, Barry was sentenced to live at a Salvation Army Housing Complex by a judge who also prohibited Barry Seal to either have any guns or to employ any bodyguards. Corruption doesn't become any more obvious than this. Barry was gunned down with machine gun fire in the parking lot of the Salvation Army Housing Complex.

In violation of the court order, Barry had hired bodyguards who worked a rotation schedule. But the bodyguard who was to be there when Barry was killed never showed up.
Died: 2/19/1986, COD: Murder by drive by shooting

Judi Gibbs, Age 32
Penthouse model, and call girl. Judi Gibbs (along with her sister Sharon) appeared in the December 1979 issue of Penthouse, and later worked at a bordello in Fordyce, near Mena, Arkansas which also ran a blackmail operation with photos taken of the customers with their girls. According to the Gibbs family, Bill Clinton was a regular customer of Judi, and there were photos of him having sex with her that threatened his Presidential campaign! While cooperating with law enforcement in a drug investigation, Judi died when her house burned down. No cause for the fire was found. Judy had called the fire department to report the fire, but her body was found on the floor in front of a ground floor window near a door that would have allowed her escape. In a sworn statement, Clinton bodyguard Barry Spivey related how he had been with the governor when the governor's plane had flown over Judi Gibb's house and Clinton had shown Judi's penthouse photos on the plane and pointed out the house.
Died: 1/3/1986, COD: House Fire

1977

Suzanne Coleman, Age 26
Had affair with Clinton when he was attorney general of Arkansas. Died of "suicide" with gunshot wound to the back of her head. No autopsy allowed. Was 7 months pregnant at time of her death. She had told friends it was Bill Clinton's child.
Died: February 15, 1977, COD: "Suicide" Gunshot to back of head

THE IDEALIST

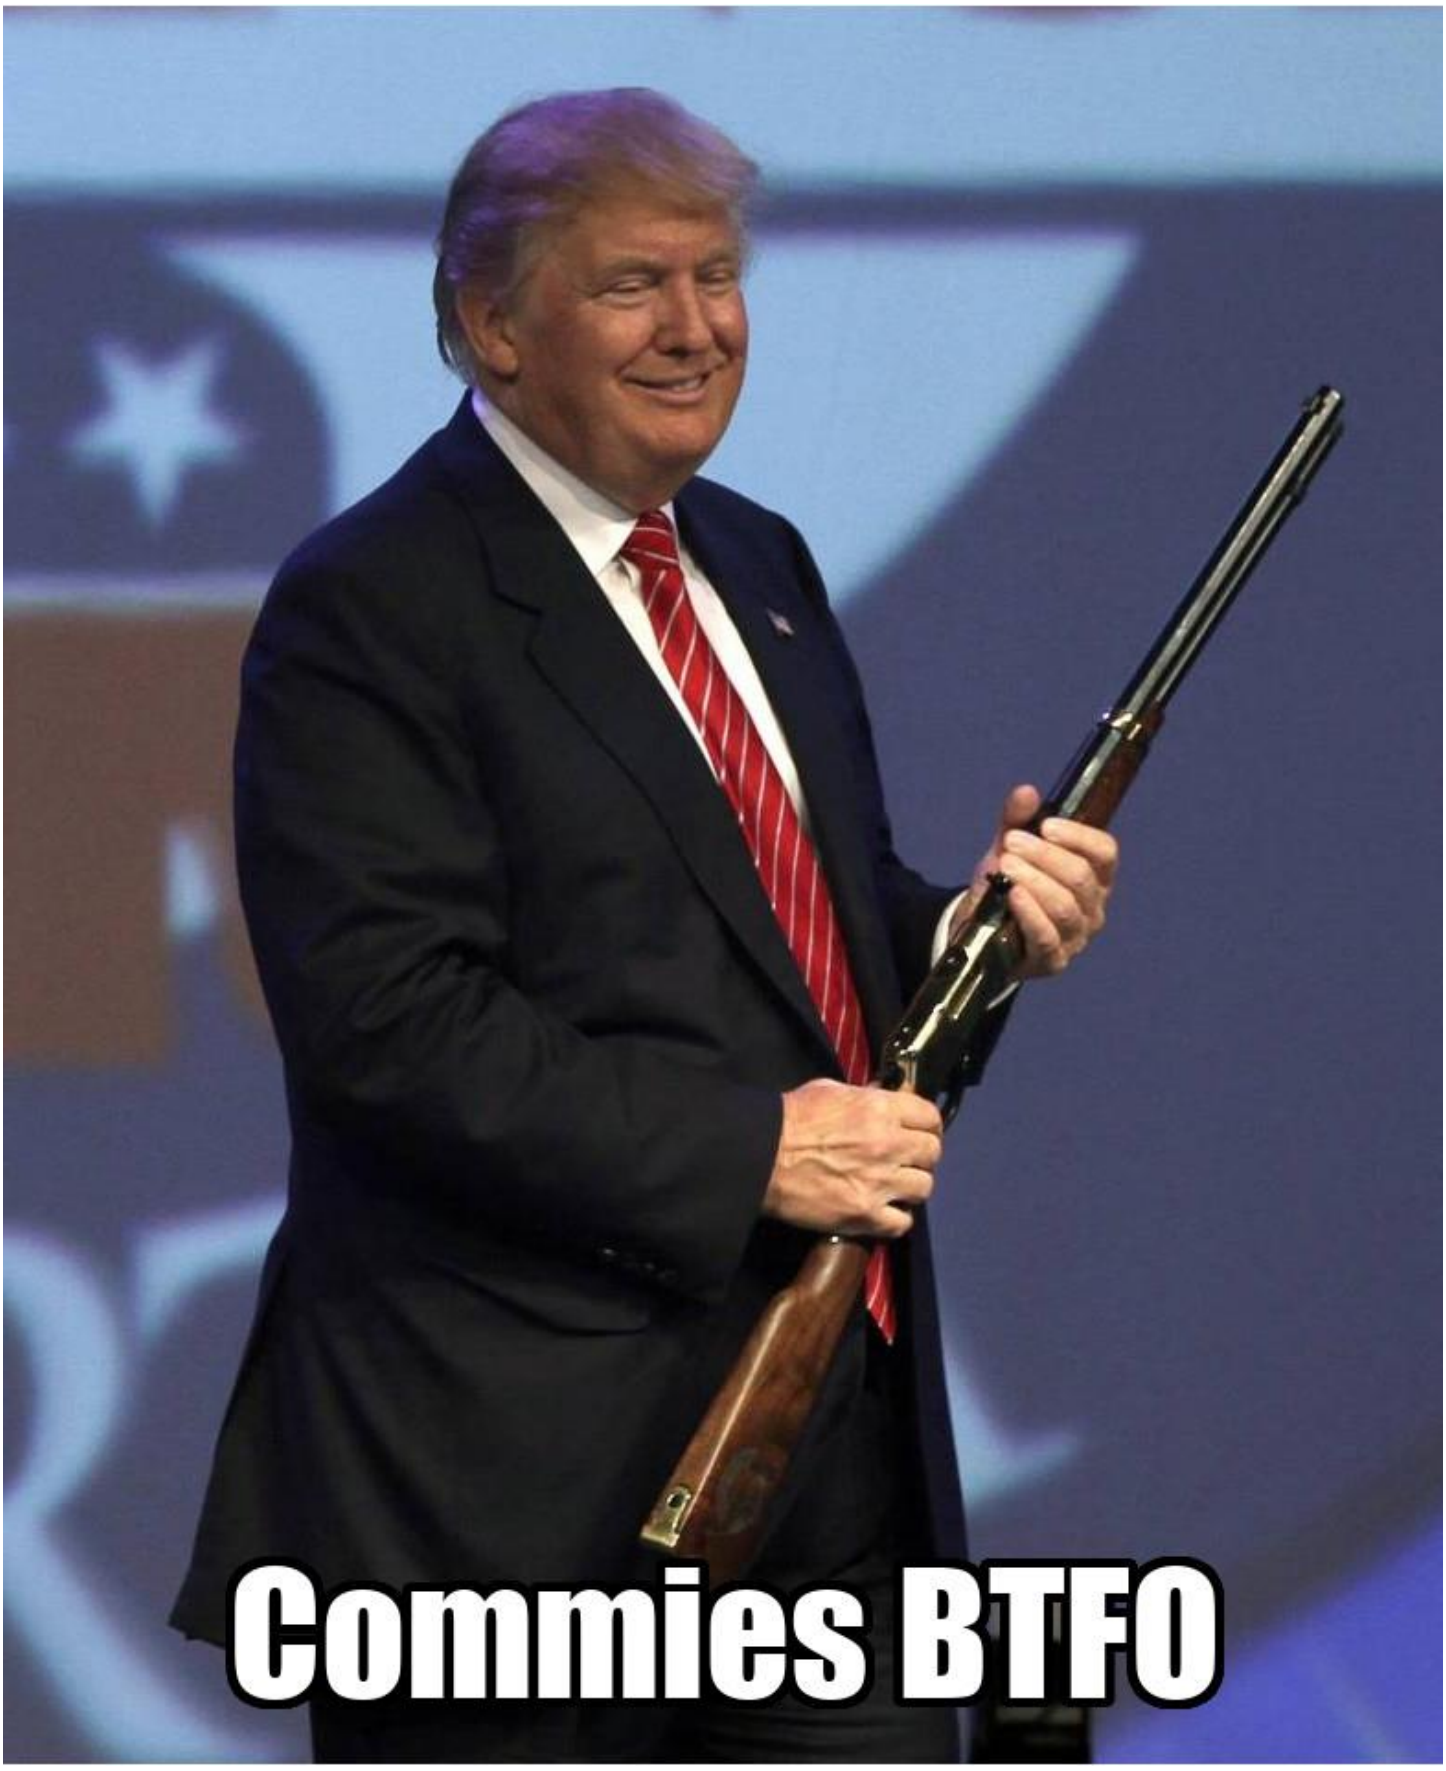

Sometimes people hold a core belief that is very strong. When they are presented with evidence that works against that belief, the new evidence cannot be accepted. It would create a feeling that is extremely uncomfortable, called cognitive dissonance. And because it is so important to protect the core belief, they will rationalize, ignore and even deny anything that doesn't fit in with the core belief.

One of the major Illuminati bloodlines, the symbol of the House Of Lorraine/Habsburg, the Cross Of Lorraine, has a long history of Brotherhood use. Indeed it is where the term "to double cross" (usually a negative aspect) derives. The Habsburgs are believed to be right near the top of the Illuminati hierarchy, perhaps more influential than even the Rothschilds. Pics: The Cross Of Lorraine. The Lorraine family shield. Yes we have, told you they are stupid

"Take no part in the unfruitful works of darkness, but instead, expose them..." Ephesians 5:11

OCCULT TEMPLE ON LITTLE SAINT JAMES,
PEDOPHILE JEFFREY EPSTEIN'S PRIVATE ISLAND

Court papers also claim Epstein's mansion is outfitted with hidden cameras in order to capture people of power engaging in sex with minors for purposes of blackmail, and his "little black book" seized by authorities contains big-wig names from Tony Blair and Prince Andrew to Michael Bloomberg and even Hollywood star Dustin Hoffman. A highly secretive investor, the precise source of Epstein's vast riches is a mystery.

Bill and Hillary Clinton have taken trips on board Epstein's private plane, dubbed by the press as the "Lolita Express," at different times — both to Epstein's private island and to other locations around the world. In a rare rebuke to the 24/7 security provided to former presidents, Bill Clinton had the Secret Service stay behind for each of these forays. In addition, thanks to a whistleblower, we know that Epstein sent Bill Clinton $3.5 million from a Swiss bank account. For what, one can only imagine.

Another frequent flier on the "Lolita Express" is a mysterious young socialite girl named Rachel Chandler. Here she is pictured with Bill Clinton as a teenager:

Chandler's Tumblr account uses CSS to hide what other accounts were sharing her content and vice-versa, but since this trick doesn't work on mobile phones, #Pizzagate researchers were able to find other accounts that frequently share her content. These accounts are consistently macabre. They're filled with images of BDSM, injuries associated with sadistic sex practices, prescription drugs, images of children in severe distress and/or states of injury, weapons, sexual imagery, and occult symbols.

It also contains many images of children recieving dental work, which is beyond bizarre — but seems to somehow connect to Epstein, whose Florida mansion was found to contain not only child's toys and explicit images of children, but **fully functioning professional-grade dental chairs and equipment** during a police raid.

Here are Few Examples:

International Centre
FOR MISSING & EXPLOITED CHILDREN

Sir Richard Branson (friends with) Jeffery Epstein

In 1999, Branson became a founding sponsor of the International Centre for Missing & Exploited Children ("ICMEC"), the goal of which is to help find missing children, and to stop the exploitation of children, as his mother Eve became a founding member of ICMEC's Board of Directors.[94][95]

Through the Carbon War Room, founded in 2009, the entrepreneur sought solutions for global warming and the energy crisis. "We all have a part to play, but I believe entrepreneurs will have a really significant role to play in bringing investment and commercial skills to help develop the new technologies needed to grow a post-carbon economy", he said in his interview with Vision. Through Carbon War Room initiative he has focused efforts on finding sustainable alternatives for three industry sectors: shipping, energy efficiency and aviation and renewable jet fuels.[96]

He also launched Virgin Startup, an official delivery partner for the UK's Start Up Loans programme. Through this new organisation, he was to provide loans to entrepreneurs between the ages of 18 and 30 UK-wide. A pilot of the scheme, which ran over 11 months, injected £600,000 into 100 businesses.[96]

Epstein was also a regular visitor to Donald Trump's Mar-a-Lago, and the two were friends. According to the Daily Mail, Trump was a frequent dinner guest at Epstein's home, which was often full of barely dressed models. In 2003, New York magazine reported that Trump also attended a dinner party at Epstein's honoring Bill Clinton.

Last year, The Guardian reported that Epstein's "little black book" contained contact numbers for A-listers including Tony Blair, Naomi Campbell, Dustin Hoffman, Michael Bloomberg and Richard Branson.

YOU GOT IT, MR. PRESIDENT!

In 2008, Andrew Lack was hired as CEO of Bloomberg Media Group and had entered talks with (1) Saudi Prince Al-Waleed (recently arrested by SA gov't) regarding producing a channel for the prince, and (2) STRATFOR (an intelligence organization described as a "shadow CIA") regarding the sale and promulgation of agenda-driven content related to geopolitical analysis and world happenings, a.k.a. putting propaganda directly into the global MSM. At Bloomberg, Lack was in charge of 11 media channels spanning the globe; as such, Lack profited from distributing Saudi and deep state propaganda worldwide during his tenure at Bloomberg. This man was chosen as the CEO of the Broadcasting Board of Governors (BBG; an independent agency of the US government) in 2015 and remained in that position for six weeks before being replaced by John F. Lansing, the current CEO.

The day after Lack was sworn in as CEO of the BBG, the New York Times wrote about a growing information battle among the United States, Russia, China, and other countries that have spent a large amount of time and money on government-owned media operations. In October, BBG Watch noted that the Voice of Russia, Russia Today, Al Jazeera, and China's international broadcasting companies "are taking advantage of the world's appetite for American news while capitalizing on VOA's news failures." All of these news organizations have similar missions: broadcasting internationally but not to their domestic markets. Voice of America's English news website is ranked 3,961st globally, according to data provided by Alexa, a California-based web traffic analytics site, but Russia Today, which is owned and funded by the Russian government, is ranked 378th. Russia Today had a budget of about $445 million last year, more than $200 million less than the BBG, but it has surpassed VOA in social media. * The VOA's Twitter feed has only 131,000 followers; Russia Today has 865,000. According to Russia Today's website, the broadcast reaches around 700 million people total—about 85 million of those in North America alone.

SO WHY WAS HE CHOSEN FOR THE BBG?
BBG CHAIRMAN JEFF SHELL EXPLAINS!!

https://wikileaks.org/sony/emails/emailid/124901

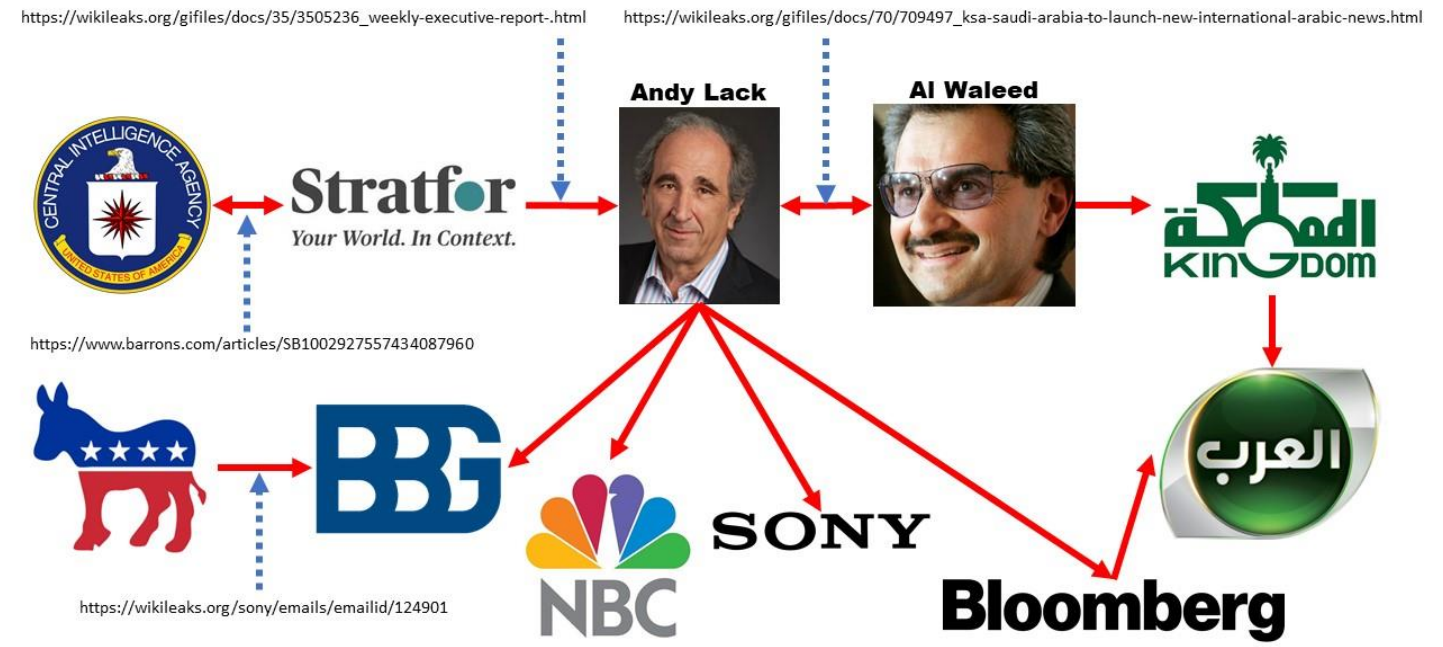

OK, here is the issue in a nutshell:
- The Board has been trying to hire a CEO for over five years
- Everyone: both sides of congress, Ben Rhodes, etc...think its critical
- Its in the legislation that passed the house and the WH officially supports it
- We hired a search firm in the Fall, and found a superstar Andy Lack
- He is perfect...a journalist and a businessman and a good guy (and a D)
- He wants to serve his country and will be a godsend for the BBG
- Our board voted unanimously to hire him and with OMB's approval, submitted his paperwork to OPM
- We proposed putting him into a "limited term SES" position, because (1) we have one vacant; and (2) it fits perfectly with our narrative that this is a interim hire until legislation passes giving him full authority
- our lawyers told us it was the right position
- PPO is mad, because they wanted to vet him and wanted him to be a political hire a la Dick Lobo
- I'm concerned that they will take this anger out on us by pressuring OPM to kick this back
- It would be a disaster for everyone involved if we lose Andy Lack due to a procedural issue and WH politics

I would not obviously share most of that with her. The key thing is that we found an amazing CEO and are potentially running into some difficulties with getting him through. She can then either call Jonathan Price at PPO and express her approval, or talk to me for more background.

Thanks Michael, I really appreciate this.

By the way, my two goals for BBG were to fix the governance and to hire a great CEO....now I can resign!!!!

What was Flynn's background?

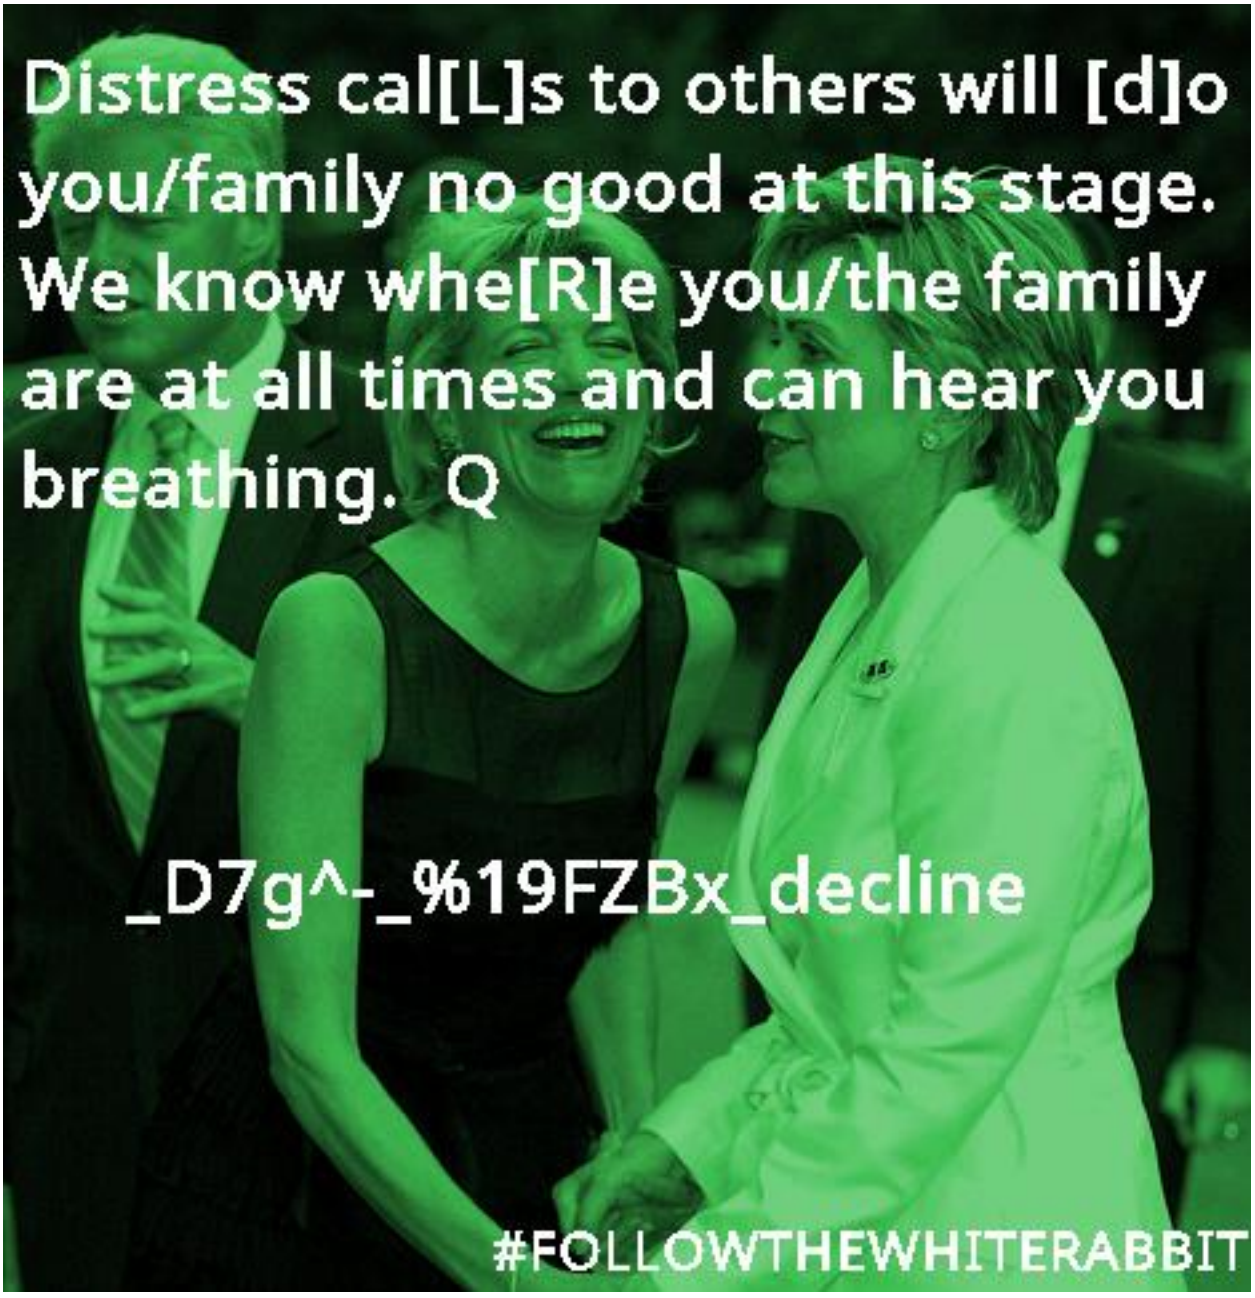

Retired US Army LTG with a key role in dismantaling terrorism networks in Afganistan and Iraq.
After retiring, he established **Flynn Intel Group.**

Why is this relevant? ~Q

Flynn is an uncompromised Patriot.

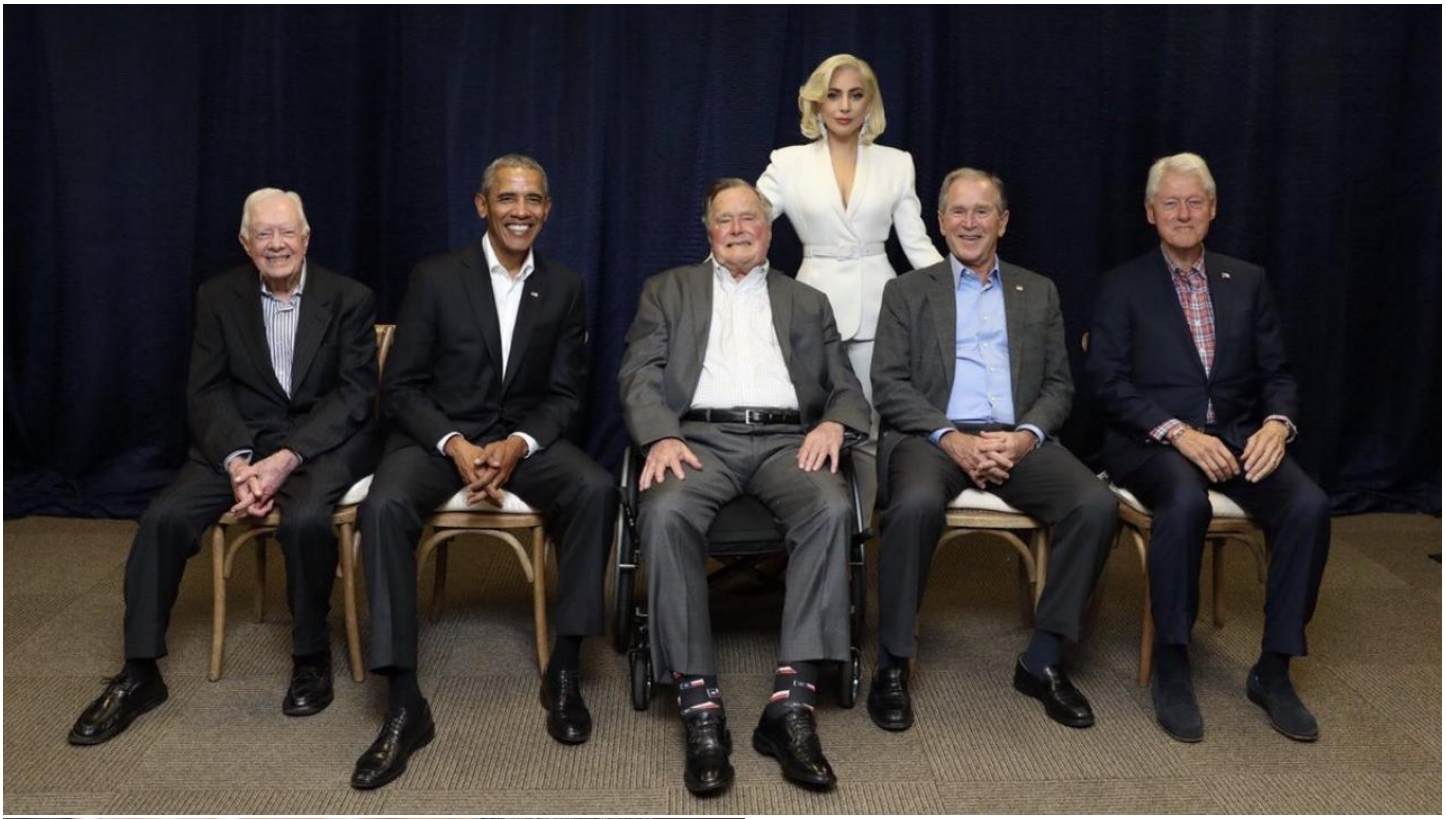

Part of a top-secret group of highly skilled, retired military operatives who have been investigating HUMAN TRAFFICKING for years. His company was cover for "blue-dying" the GRU political spy network in DC on behalf of Army/Navy Intelligence.

Flynn is POTUS' conduit to the uncorrupted Military Intelligence, which is why he's been aggressively targeted & slandered by the media in hopes of undermining his credibility.

"The "**White Rabbit**" in **Disney's** primary **MK Prog'mg film "Alice In Wonderland"** reinforces MK Prog'mg (ALTERS) or mind files as does Playboy bunny logo for Hugh Hefner's MK factory, Playboy Enterprises ..."

"MK-Ultra Monarch Programmer/Handler ... Hugh Hefner has enriched himself as America's # 1 MK Pimp for over 50yrs, supplying Global Mgt. Team and whoever else has codes "triggers" and enough money to afford "state of the art" Oz-Dorothy, Jewel prog'md DID (MPD) lovelies. This NSA-CIA asset w/his degree in psychology (read Mind Control Prog'mr) controls an army of BETA-trained Sex Slaves available for blackmail, espionage (honeypots), underground porn and whatever else their "ALTERS" (mind files) are Prog'md for. Hefner works closely w/MK Prog'mr/handler Heinz (Henry) Kissinger, and operates under full protection of NSA/CIA military-apparatus."

The above image of Hefner as the Greek God Pan is a mural made for Playboy's annual Dionysian orgy. According to the forbidden knowledge, Pan is "man himself" who falls as LUCIFER from the heavens onto the world of matter. ***According to Anton LeVay's Satanic Bible, Pan is one of infernal names of SATAN"***

The **1974 death** of **1968 Playmate of the Month, Paige Young,** is linked to **Hugh Hefner** and **Bill Cosby**who used her as a personal "Sex Toy." When Paige took her life on a Palm Sunday, she wanted to make a STATEMENT and stir an investigation into Hefner's ***Satanic Playboy Circle***, she left pictures of Hefner labeled the DEVIL, and a large PENTAGRAM that had nothing to do with the five wounds of Christ on the floor of her Hollywood apartment. Undoubtedly, ***she was trying to tell us about repressed memories of a PENTAGRAM being a central part of a Ritual to indoctrinate her into the Cult.***

In **1953, Hugh Hefner setup Playboy**, which was eventually revealed to be banked by the **CIA**.

According to Ex CIA operative Laurel Aston, in his book Fighting Child and Human Trafficking and Slavery:

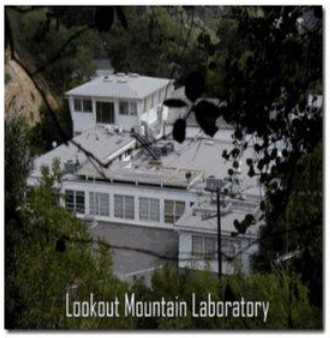

"I knew Hugh Hefner. He is connected to the CIA.

"Hefner is a CIA programmer, CIA sex slave handler and pimp.

"Hefner was also a part of running MK ULTRA super assassins and ops."

Nested in the hills overlooking HollyWeird, Lookout Mountain Laboratory was originally envisioned as a U.S. Air Defense Department center. Built in 1941 and nestled in two-and-a-half secluded acres off what is now Wonderland Park Avenue, the installation was hidden from view and surrounded by an electrified fence.

Marilyn Monroe's February 8, 1953 Secret Pentagon ID to Lookout Mountain Lab

Picture Squadron) secured a 21/2 acre house on Wonderland Park Avenue and turned it into a --top-secret electrical fenced movie production house indentified as the **Lookout Mountain Laboratory.** It is claimed that it was perhaps the world's only completely self-contained movie studio. *With 100,000 square feet of floor space, the covert studio included sound stages, screening rooms, film processing labs, editing facilities, an animation department, and seventeen climate-controlled film vaults. It also had underground parking, a helicopter pad and a bomb shelter.*[19]

Lookout Mountain Laboratory had something to do with the Cold War developing secret weapon testing films for the U.S. Department of Defense (DoD) and Atomic Energy Commission (AEC). The existence of this facility wasn't acknowledged until the early 90's even though it had produced some 19,000 government propaganda films, and had the likes of **John Ford, Jimmy Stewart, Howard Hawks, Ronald Reagan, Bing Crosby, Walt Disney and Marilyn Monroe working there with top-secret clearances on (MK ULTRA) "undisclosed projects"**[20]. Hollywood civilian studio staff from Warner Brothers, Metro-Goldwyn Mayer and RKO also worked alongside its military staff as producers, cameramen and directors.[21]

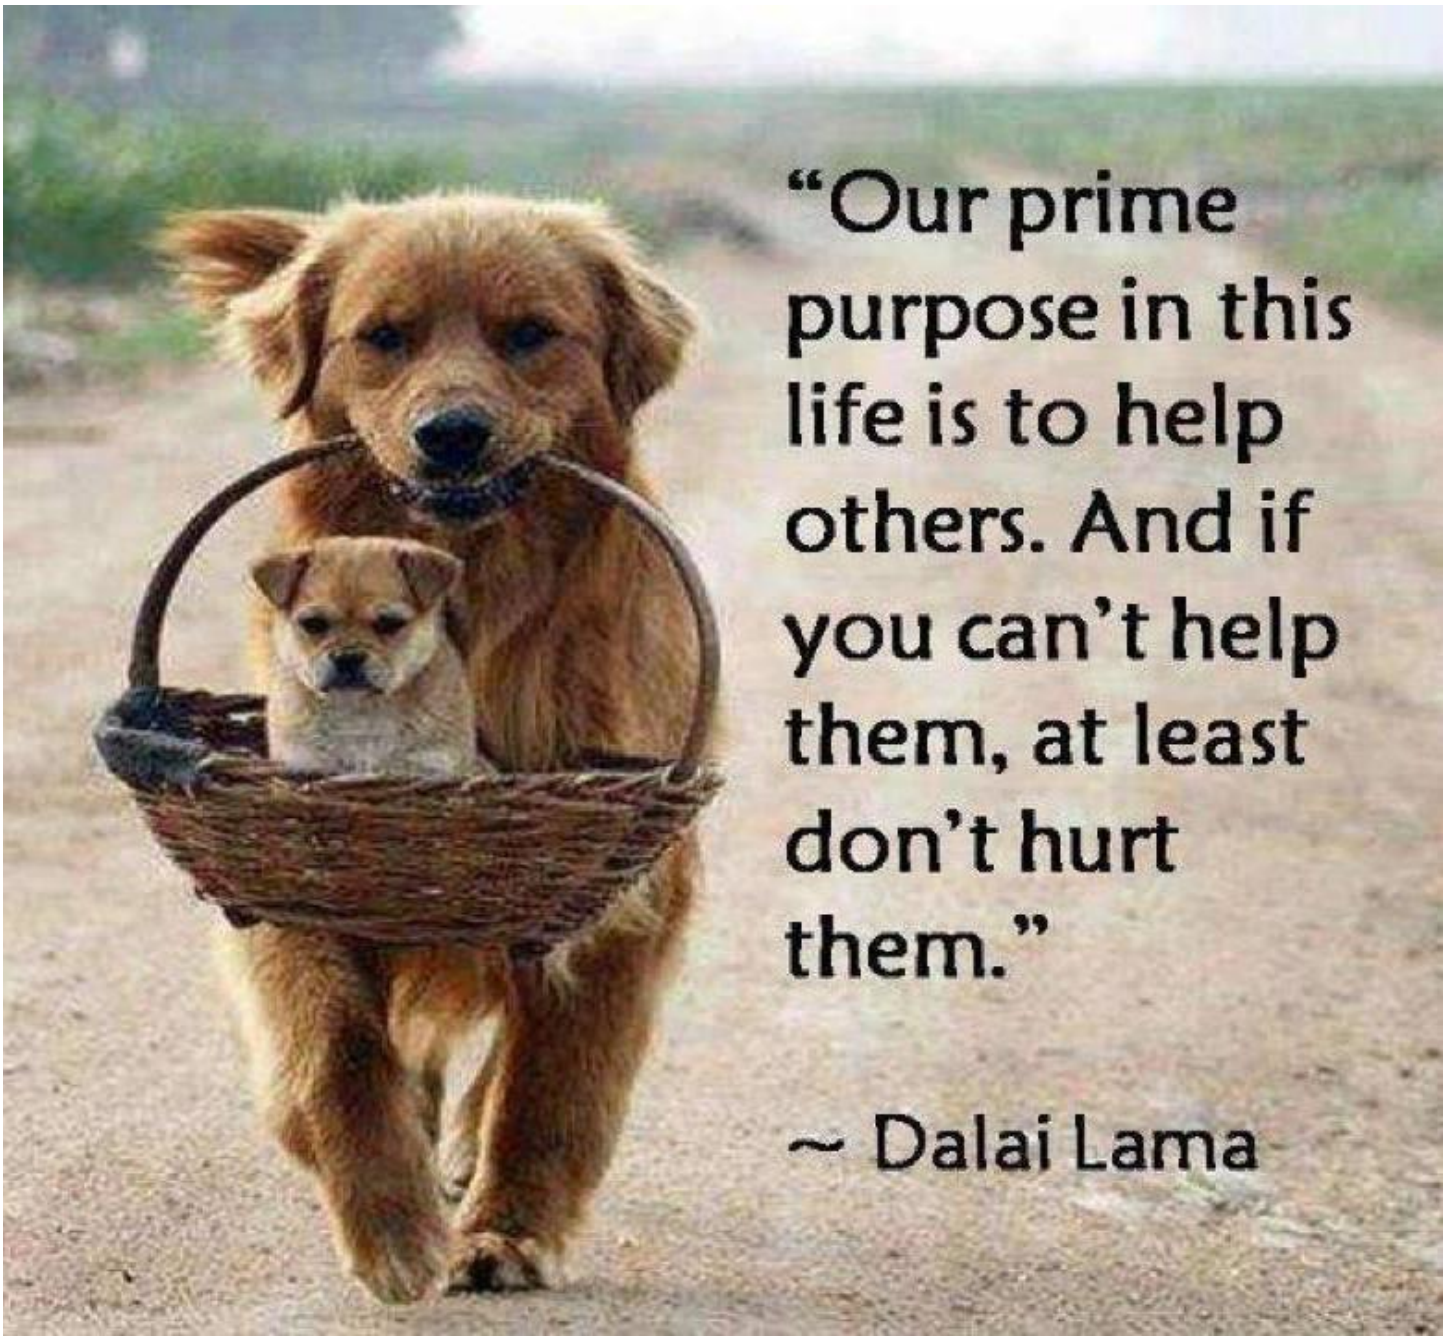

The lab conducted secret experiments and shot military training films and documentaries here until the clandestine studio was decommissioned in 1969 [22] most likely **after or just prior to the August 8 Tate-LaBianca Massacre.** (hippie/race war psy op). The savage, grizzly and cold blood murders of 6 white people at 10050 Cielo Drive in Benedict Canyon, just a couple miles to the west of Laurel Canyon, had been originally blamed on Black Nationalist, the Black Panther Party for Self Defense (Helter Skelter)[23]

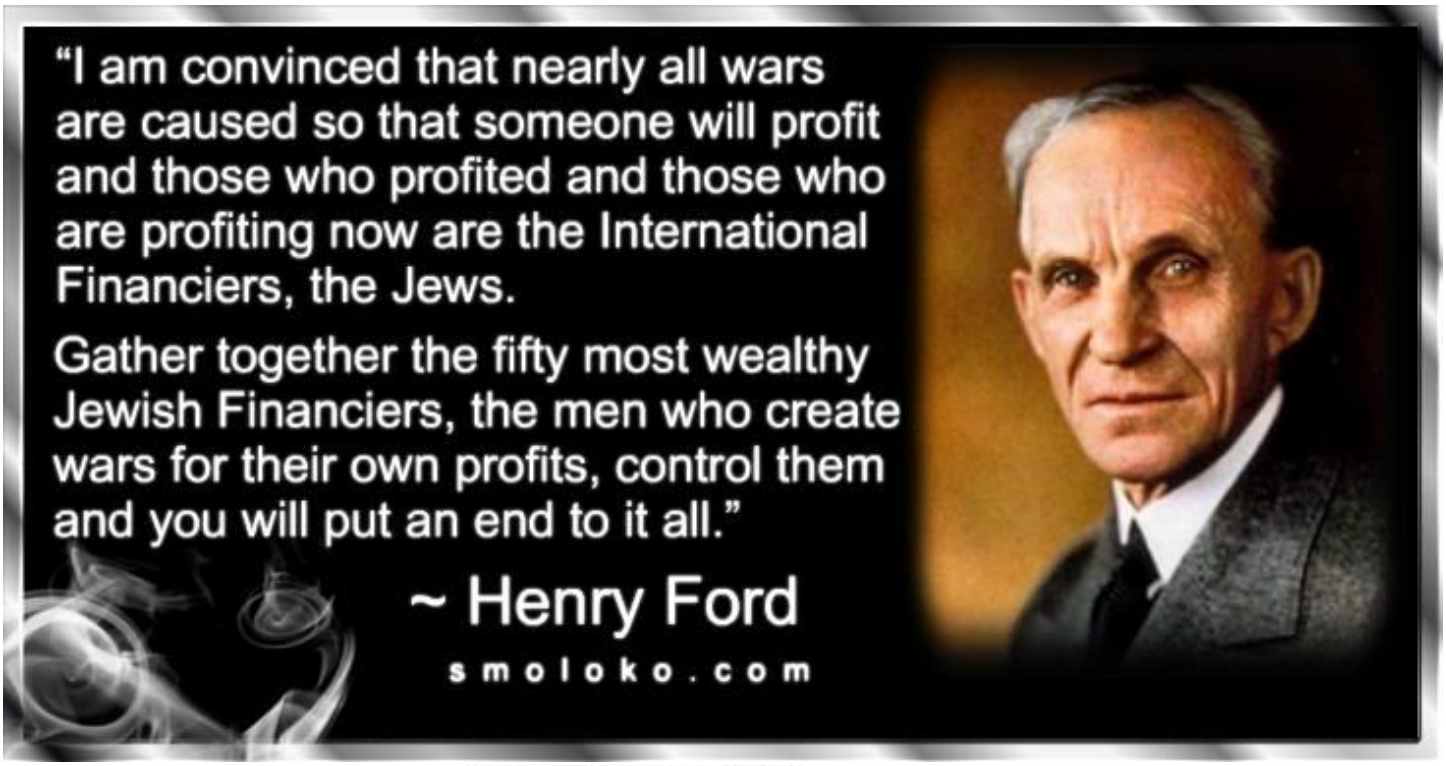

The road to the U.S. Military Top-Secret Lookup Mountain Laboratory **should almost face Rubin's studio mansion on Laurel Canyon Blvd**. When fascist rock star David Bowie wante to delve into Kabalism (the religious mystical and magical system of Judaism), he just happened to seek out **Rick Rubin** and **Houdini's Mansion**.

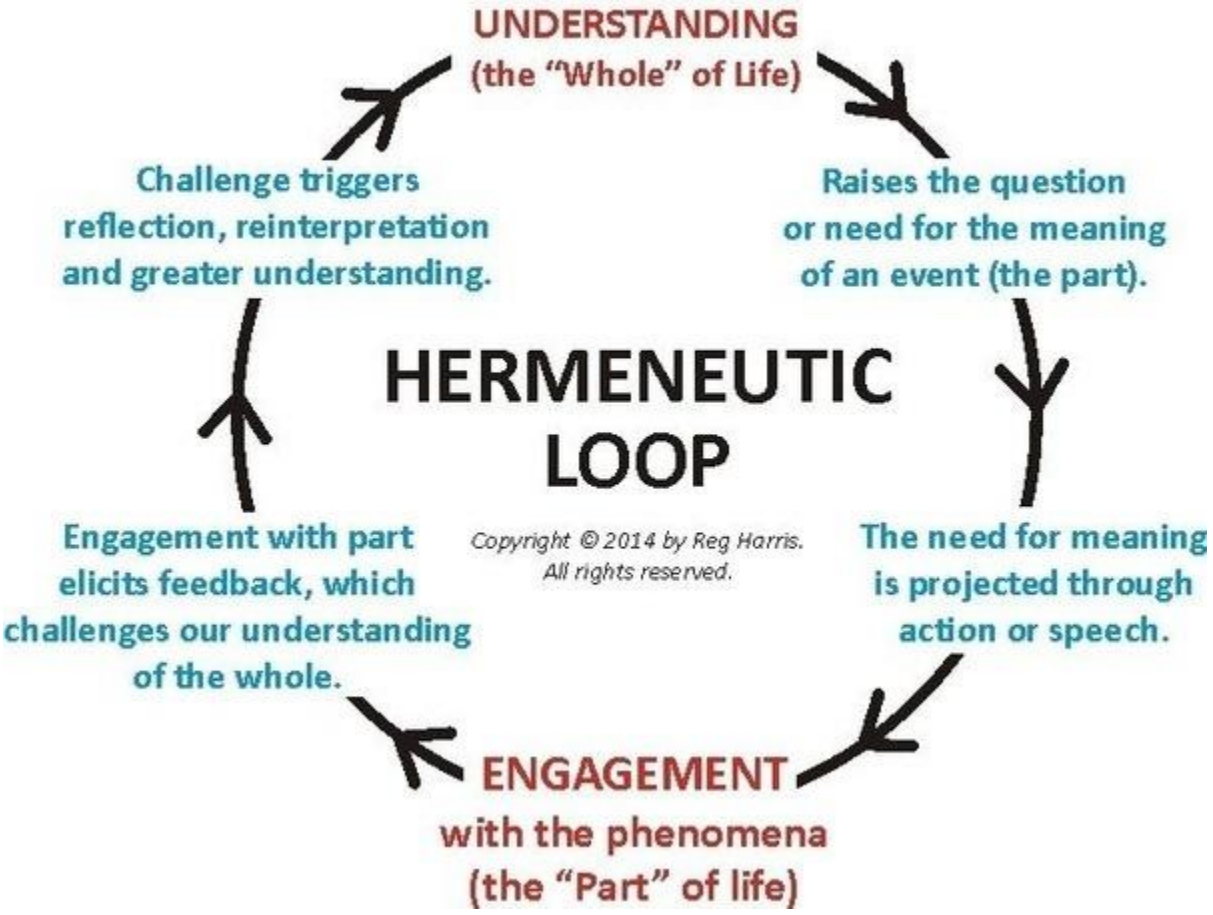

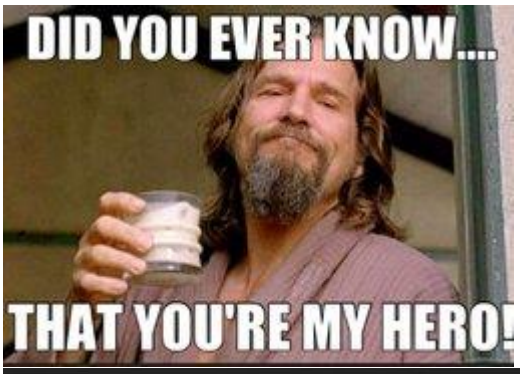

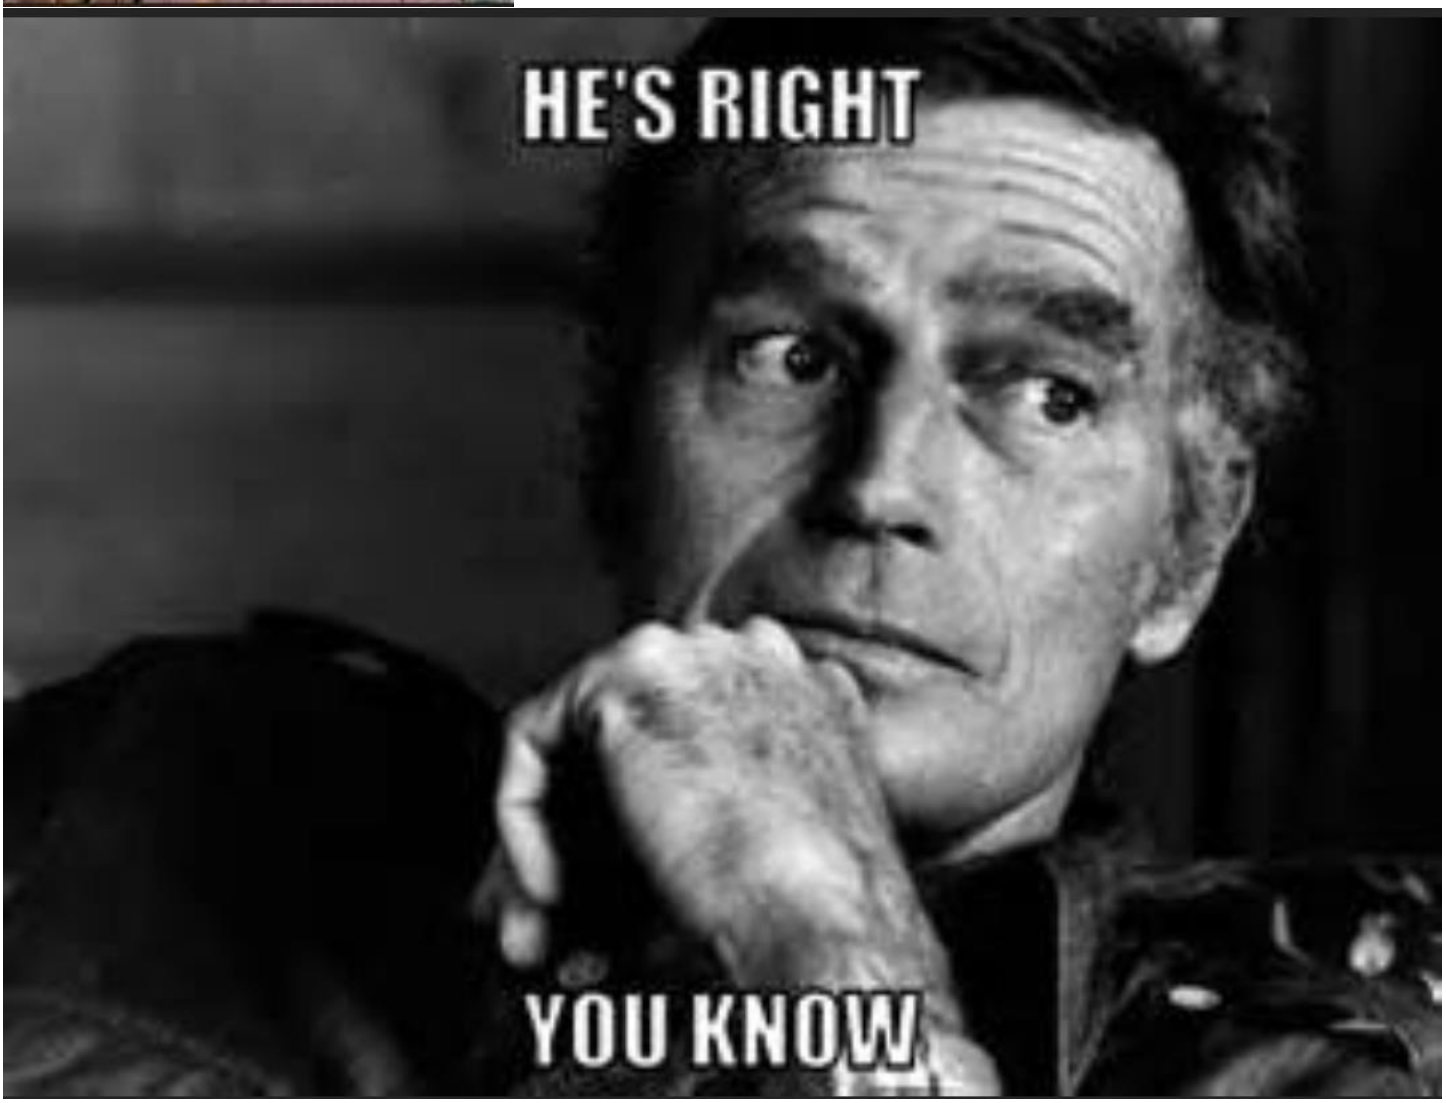

Back around to Laurel Canyon in 1947. After the formation of **Operation Paperclip** that secretly brought thousands of **Nazis into the United States, the Army Air Corps (1352d Motion**

Virginia state troopers killed in helicopter crash monitoring Charlottesville clash

By Rachel Weiner August 13

Two Virginia state troopers killed doing surveillance work during Saturday's white nationalist rally in Charlottesville were well-known to Gov. Terry McAuliffe.

H. Jay Cullen, 48, was a veteran pilot who spent several years shepherding the governor around Virginia. Berke Bates, who would have turned 41 on Sunday, was just beginning to realize a lifelong dream of becoming a helicopter pilot.

"I was close to both of those state troopers," McAuliffe (D) said at a memorial service in Charlottesville on Sunday morning. "Jay Cullen had been flying me around for three-and-a-half years. Berke was part of my executive protection unit. He was part of my family. The man lived with me 24-7."

Cullen was the commander of the State Police Aviation Unit.

"They're still coming to terms with it," Virginia State Police spokeswoman Corinne Geller said of the troopers under Cullen's supervision. "It's very raw."

The FBI's second in command is facing pressure over donations Virginia Gov. Terry McAuliffe, a top Clinton ally, made to the official's wife who was running an uphill battle against a popular conservative Northern Virginia state senator.

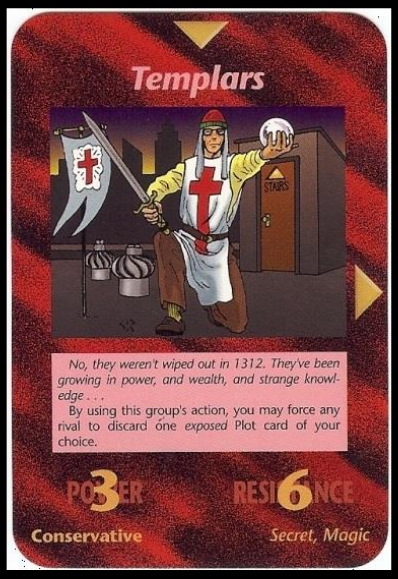

That senator, Dick Black, on Monday called for the resignation of Deputy FBI Director Andrew McCabe.

Black said that McCabe, who later oversaw the probe into the Hillary Rodham Clinton email scandal, should have known McAuliffe was one of Clinton's closest advisers and friends and recused himself from the probe of the Democratic presidential candidate.

"I call on Andrew McCabe to step down from the FBI for the good of all the agents who do the their work in in ethical and honest fashion," Black told Secrets. "What he has done has hurt the FBI."

The Wall Street Journal reported the campaign payments steered by McAuliffe to McCabe's wife, Jill, in the 2015 race. She lost to Black by 5 points.

United States v. Rothschild
Case No. 06-CR-220
United States District Court for the District of Columbia
Judge Colleen Kollar-Kotelly

Between about September 13, 2005 and about December 31, 2005, Jeffrey Alan Rothschild, also known as Jeffrey Zahler, fraudulently obtained more than $100,000 in emergency Federal Emergency Management Agency ("FEMA") funds available to victims of Hurricanes Katrina and Rita. Mr. Rothschild contacted FEMA and gave the names, birthdates, and Social Security numbers of other individuals that he gleaned from public sources such as the Martindale-Hubble legal directory and through a previous job, as well as false addresses supposedly located in areas affected by the hurricanes. In response, FEMA mailed 38 United States Treasury checks, made out to the individuals Mr. Rothschild named, to various post office boxes and locations where Mr. Rothschild was staying. Mr. Rothschild then deposited the checks into bank accounts that he controlled. In addition, Mr. Rothschild engaged in a number of other fraudulent schemes, such as check kiting and credit card fraud. He ultimately pleaded guilty to a three-count information charging bank fraud, mail fraud, and money laundering, and was sentenced to 102 months in prison. I was lead counsel for the government in the investigation and prosecution of Mr. Rothschild.

Man Gets Prison in Katrina Fraud Case

By ANN SANNER
The Associated Press
Monday, February 5, 2007; 5:45 PM

WASHINGTON -- A 59-year-old man was sentenced Monday to 8 1/2 years in prison on charges stemming from his use of stolen identities in an attempt to acquire more than $100,000 in payments intended for victims of Hurricanes Katrina and Rita.

Jeffrey Alan Rothschild, who's also known as Jeffrey Zahler, pleaded guilty in August to bank fraud, mail fraud and money laundering in late 2005. He was sentenced by U.S. District Judge Colleen Kollar-Kotelly in Washington.

U.S. Attorney Jeffrey A. Taylor said Rothschild abused a system set up by the Federal Emergency Management Agency to allow hurricane victims to receive $2,000 in emergency funds after providing their names, Social Security numbers and other information.

Between about Sept. 13, 2005, and Dec. 31, 2005, Rothschild used personal information and addresses that he found on the Internet or material he made up to get money from FEMA, Taylor said.

As a result, FEMA issued 38 checks to people whose names Rothschild had provided. He then forged the checks and deposited them in accounts he controlled. He submitted 14 applications for which he did not receive checks, Taylor said.

Rothschild has no fixed address.

President has rare meeting with US attorney nominee

By Laura Jarrett, CNN

"I attended formal interviews at the Department of Justice, including with the attorney general," Liu wrote in the Senate submission obtained by CNN. "I also interviewed with representatives of the White House Counsel's Office and then met the President with the White House counsel."

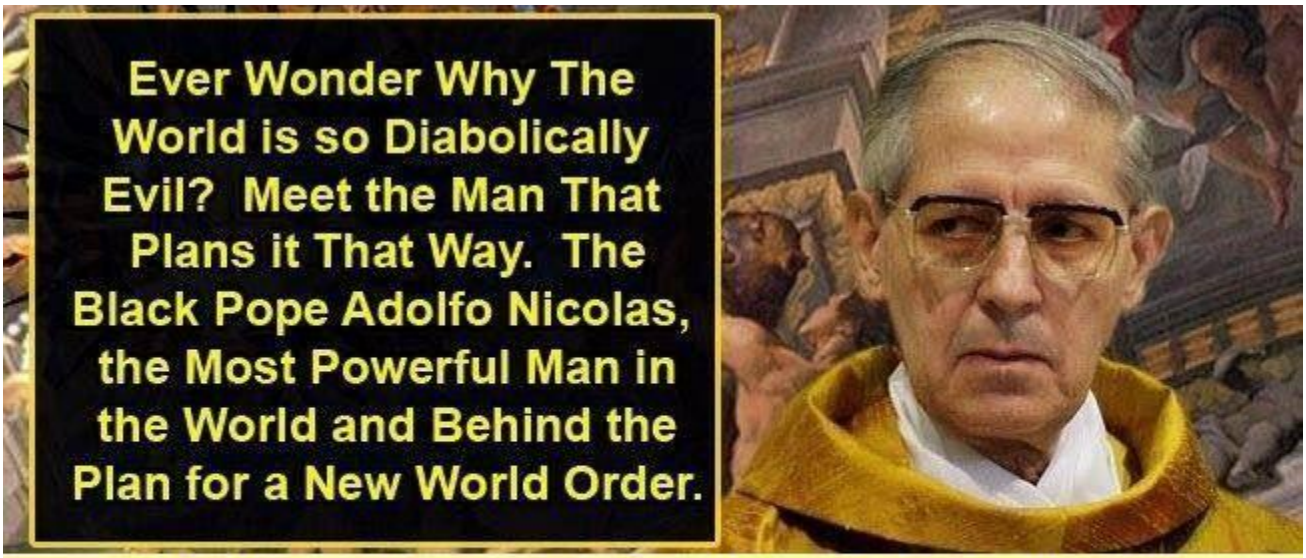

Of the first seven US attorney nominees that Trump selected in June, only Liu said that she met with Trump. Other nominees described only meeting with Justice Department officials, such as Attorney General Jeff Sessions and Deputy Attorney General Rod Rosenstein, in their submissions.

According to multiple former US attorneys and several law enforcement sources CNN interviewed for this story, such a meeting with the President as part of the interview process would be virtually unheard of in past administrations.

"It's wrong, and the reason it's wrong is that it serves to undermine the rule of law," said former US attorney for the Northern District of Alabama, Joyce Vance. "This goes to the independence of the Justice Department" and "any effort by any president to diminish that is problematic."

One former White House counsel who served in a Democratic administration said that the fact that Trump only met with Liu raises a question about the reason for the meeting, especially given everything else on his plate.

1. The Superior General of the Jesuits The Black Pope, Adolfo Nicolas and his 6 generals control the "White Pope" and the Vatican and the entire list below.

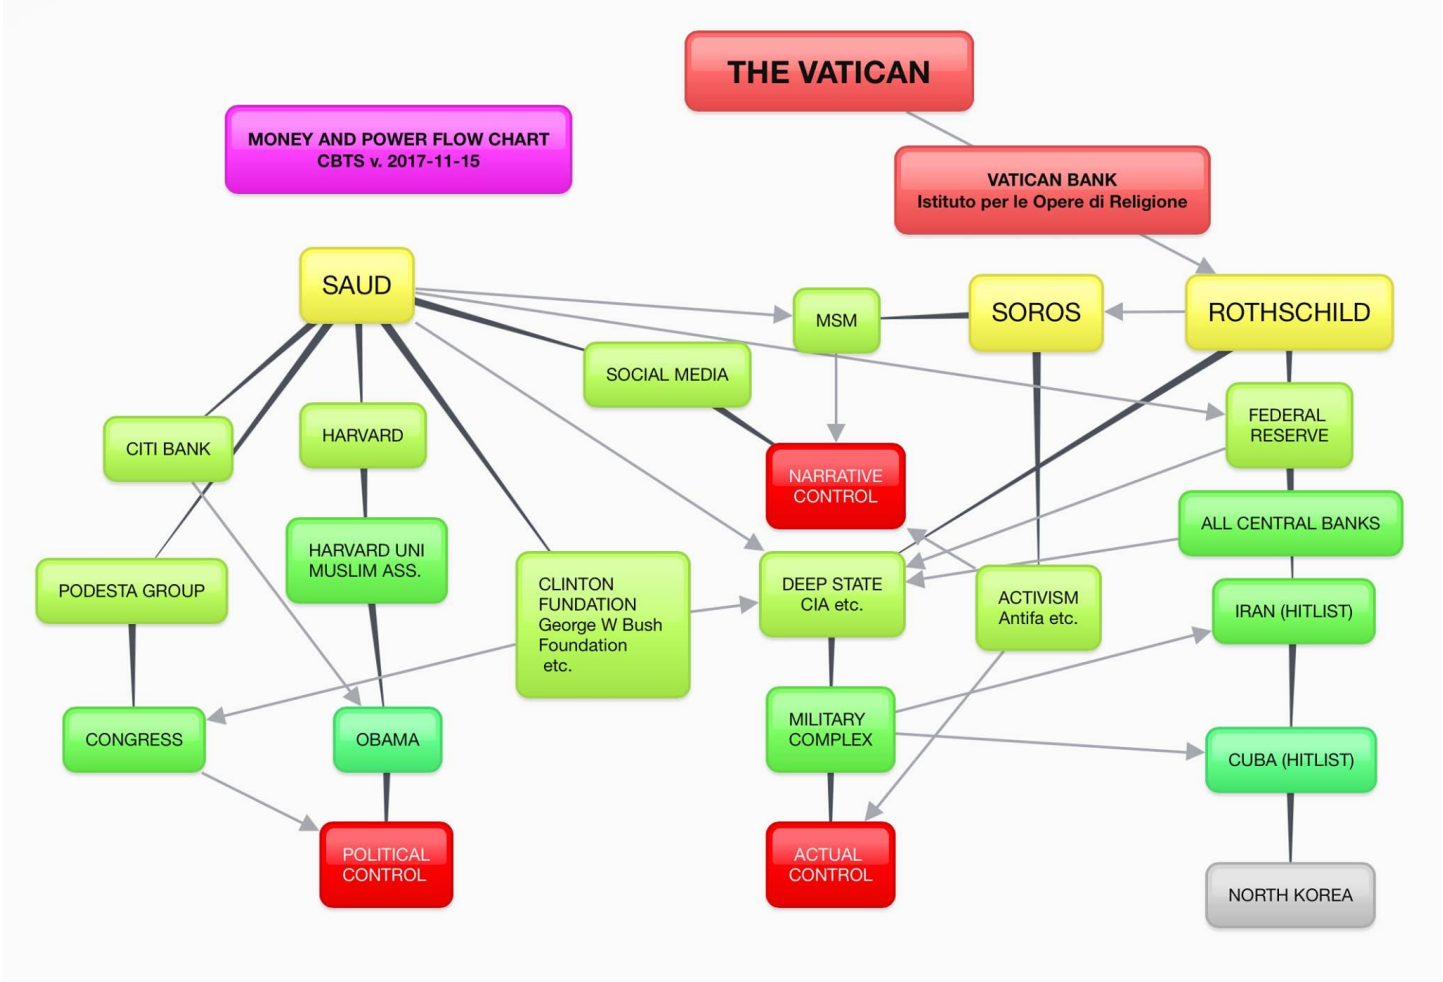

2. The Illuminati, Zionists, globalist Elites, the Council on Foreign Relations (CFR), Bilderberg group, Freemasons, Council of 300, the United Nations and the Council of Trent.

3. The Jesuits control the Knights Templar, Knights of Columbus and the Knights of Malta.

4. The CIA, FBI, NSA, ASIO, MI5, MI6, NCIS, FSB, DGSE, Mossad and every intelligence agency in the world are masonic and controlled by the Jesuits.

Meet Lucky Larry

This is Lucky Larry Silverstein,
owner of the World Trade Center.

On 9/11/2001, Larry just so happened to be absent from work because of a doctor's appointment. He later claimed that the appointment was cancelled, and rather than returning to the top of the tower for his usual breakfast, he decided to walk around New York City. Larry's family was also absent from work that day and escaped harm, including his daughter and son (who was running late). Lucky Larry was also fortunate enough to have recently taken out a $3.5 Billion insurance policy only weeks before the attacks (July 2001). He went on to attempt to claim that amount twice (2 attacks). Luckily for Larry, he and his family managed to escape death and profit billions from the fall of the towers.

Way to go Larry! You LUCKY bastard!

RT @ClassicPict: Lucky Larry.

DID YOU KNOW

Just months before 9/11, the World Trade Center's lease was privatized and sold to Larry Silverstein.

Silverstein took out an insurance plan that 'fortuitously' covered terrorism.

After 9/11, Silverstein took the insurance company to court, claiming he should be paid double because there were 2 attacks.

Silverstein won, and was awarded $4,550,000,000.

"For the secret power of lawlessness is already at work; but the one who now holds back will continue to do so till he is taken out of the way."

2:8 "And then the lawless one will be revealed..."

According to the Bible,
the number of the name of the beast
is given as wisdom and may be calculated
or counted by a man with reason. The
number is in Greek notation as:

χξς

χ = CHI / CH as in Loch Ness
ξ = XI / X as in xylophone
ς = STIGMA = SIGMA + TAU / ST as in Christ

Stigma (ς) is a ligature, which is a combination of two letters. In the case of stigma, it's S & T.

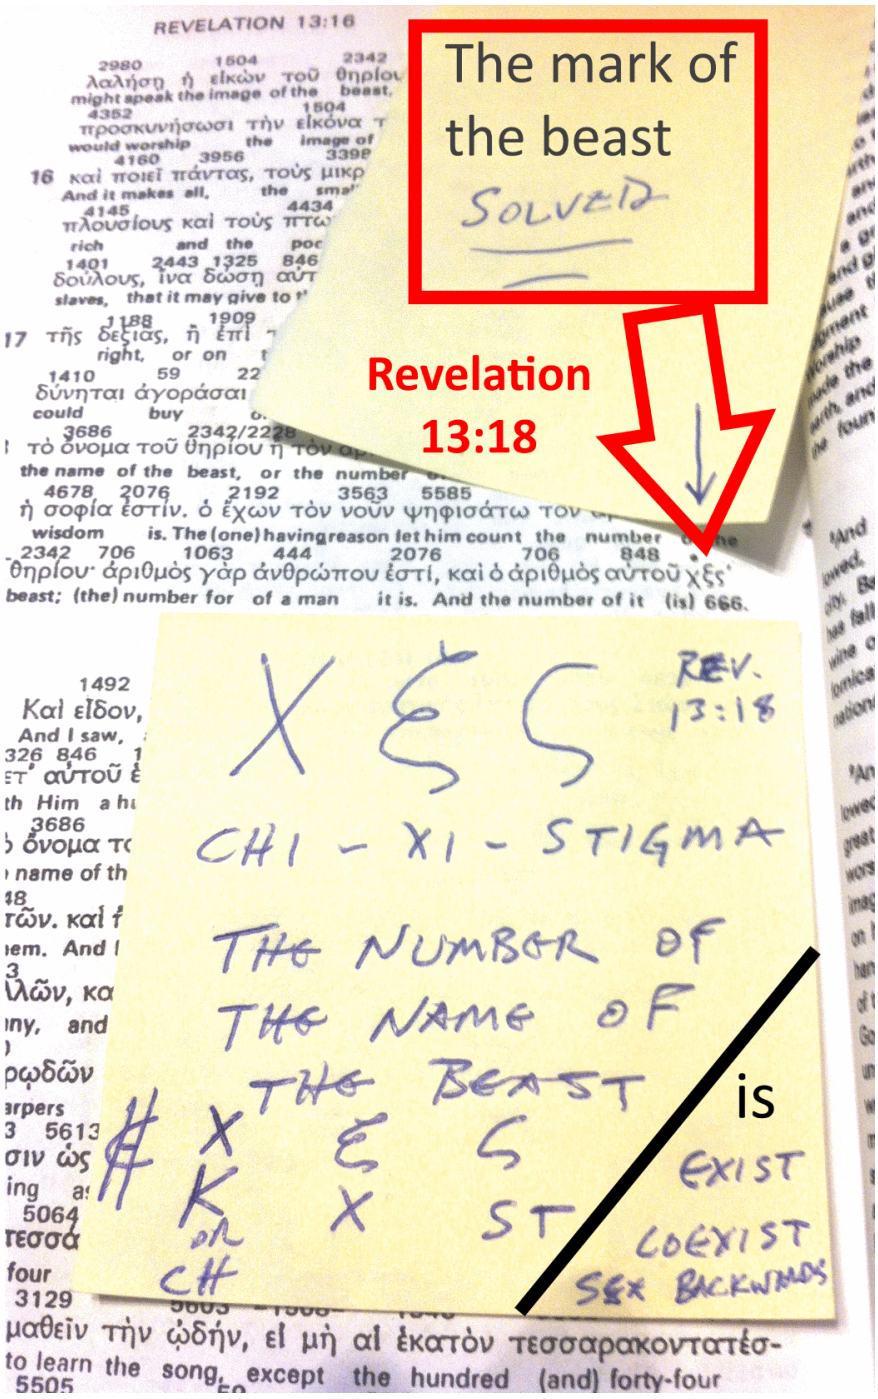

If you were to sound this out, you'd have:
KA - XIST
CHI-XIST

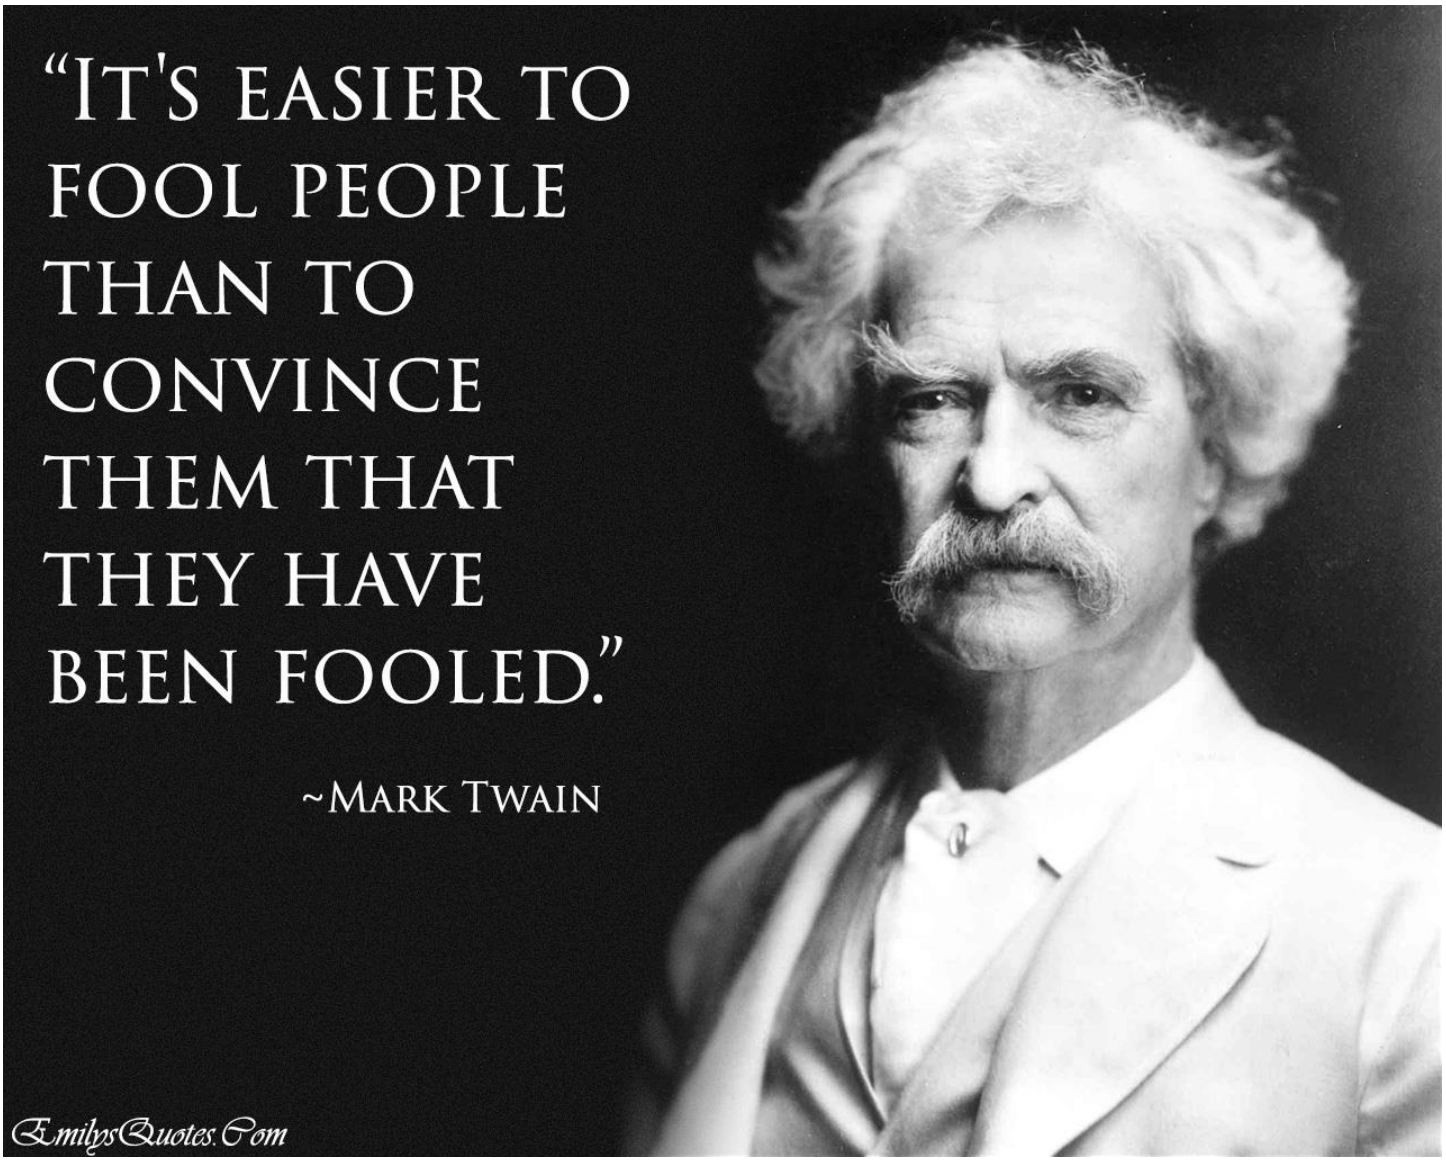

If you create a ligature from C & H as in "CHI" you end up with this:

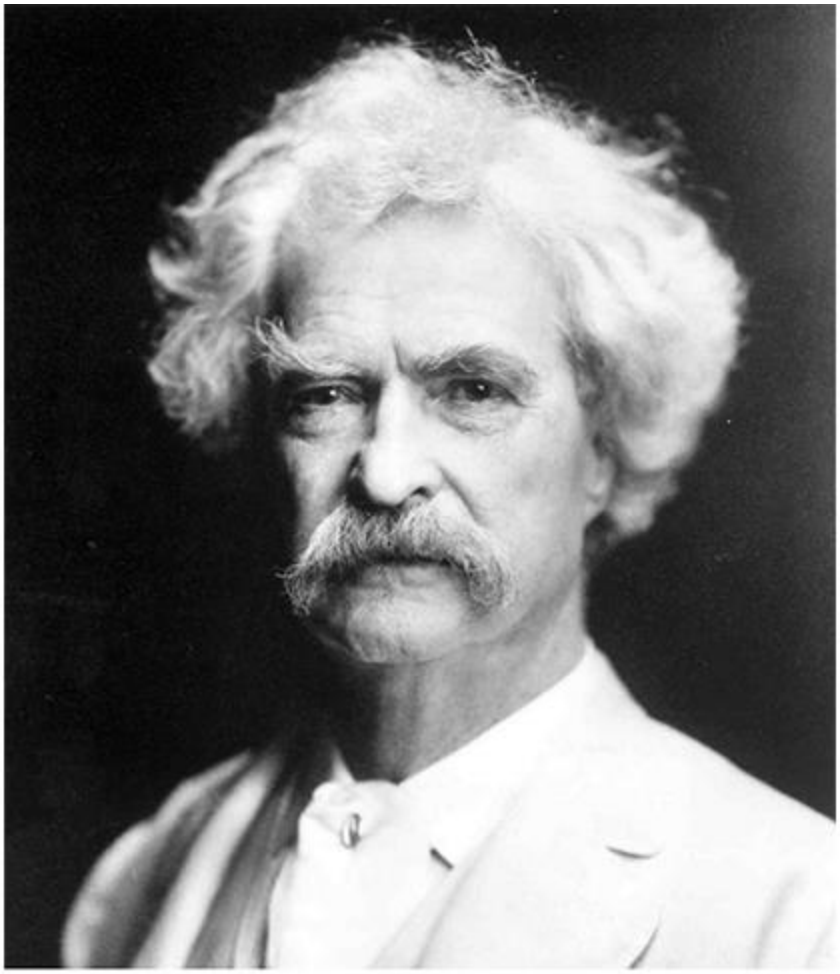

This produces an "E"
Now you can sound it out.... E-XIST
or KA-EXIST or COEXIST

The bear will leave its cave forever.

Freemason Jews run Israel - Not Ordinary Jews
The rise of Masons to political power in Israel dates back to 1948 and to Israel's founding as a modern-day nation.
David Ben-Gurion, its first Prime Minister, was both a Mason and an avowed Marxist-Leninist and Communist. Since that time, every single Prime Minister has been a high-level Mason, including Golda Meier, who was a member of the women's organization, the Co-Masons.
Now the lid is blown off the forbidden, secret powderkeg of the Masonic Jews who run Israel and, by extension, the United States and the world

Is the New World Order a theory??? Ask these guys!

"Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that's the charge, I stand guilty, and I am proud of it."

Here are close-ups of the inscription on Obama's ring:

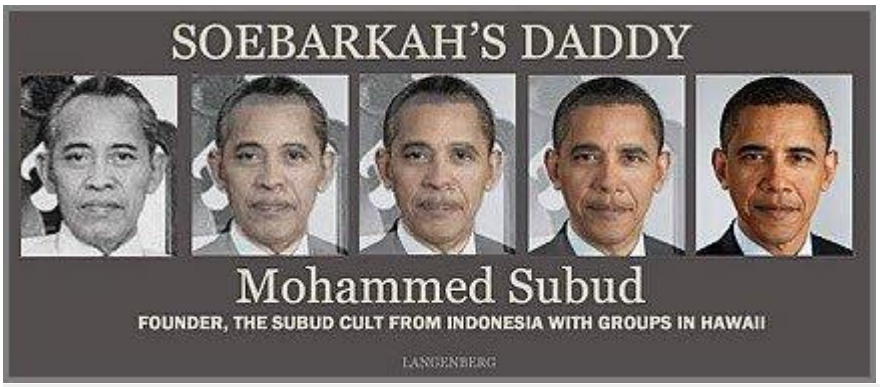

WND asked Egyptian-born Islamic scholar Mark A. Gabriel, Ph.D., to examine the above close-up photos of Obama's ring. Gabriel's expert opinion is that the ring is inscribed with these words in Arabic:

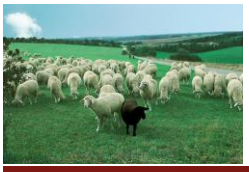

> ***There is no god but Allah***

That phrase is the first half of the *Shahada*. The Shahada is the first of the Five Pillars of Islam, expressing the two fundamental beliefs that make a person a Muslim:

1. There is no god but Allah
2. Muhammad is Allah's prophet

Organ traffickers gouged out the eyes of a six-year-old boy to sell on China's transplant black market, it was claimed yesterday.

Police said the child, Binbin, was drugged after being kidnapped while playing outside his home.

14 + fish and the Osiris myth

Osiris was murdered and cut up into 14 pieces by his brother Set and scattered throughout the land of Egypt.

Osiris's wife Isis set out to find all of the pieces of his body to resurrect him. She found all but the 14th piece, his phallus, which was eaten by fish (now cursed because of this) in the river Nile.

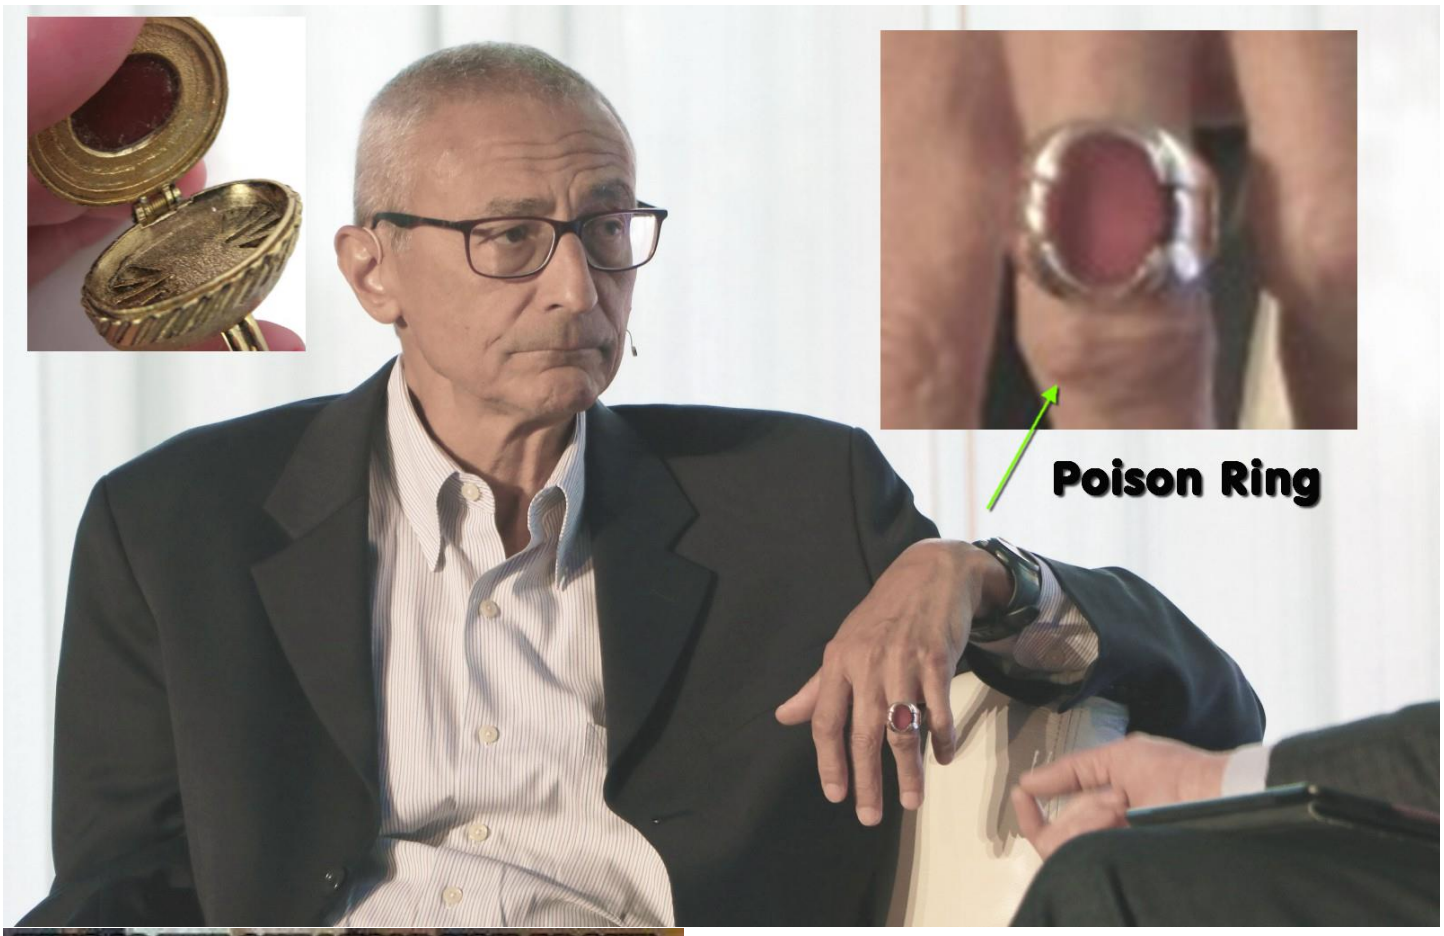

Isis made a phallus out of gold and temporary resurrected Osiris so she could conceive a child. Their offspring is the god Horus.

14 + fish = the male phallus symbolizing power, sex magick and resurrection.

Pope Francis has called for a rewriting of the Lord's Prayer, saying the current translation gives God a bad name and, essentially, does not give the devil his due.

Red Cross sees decline in blood donations at the holidays

http://www.burlingtoncountytimes.com/news/20171206/red-cross-sees-decline-in-blood-donations-at-holidays

By Danielle DeSisto

Posted at 5:00 AM

The demand for blood doesn't take a holiday. But during the season of giving, fewer people donate blood to the American Red Cross.

In 2016, the Red Cross collected 62,000 fewer donations than needed to meet its estimated goal of 630,000 units nationwide between Thanksgiving Day and the first week of January. In the nonprofit's Penn-Jersey region, spanning southeastern Pennsylvania and all of New Jersey, the goal of about 36,000 units fell short by 10 percent, or 3,600 units, during the same time period.

Red Cross representative Alana Mauger said there are fewer corporate and college blood drives around the holidays because many people have off. And between all of the shopping, parties and family visits, giving blood isn't at the forefront of many minds.

"People are really busy during the holiday season. The No. 1 reason people don't give blood is that they don't think about it," Mauger said.

The Red Cross typically sees a decline in donations during the summer as well. This past summer, a lack of donations led to a "blood emergency," during which hospitals around the country had less than a five-day supply at any given time.

To prevent another blood emergency, the Red Cross is working to educate the public on why giving blood is important year-round, and striving to make donating more convenient.

The agency launched its Blood Donor App for smartphones in 2014 to help donors easily locate blood drives, schedule appointments, and track their blood's journey from donation to delivery.

Also, donors can view blood drive information on the Red Cross' website, redcrossblood.org, and sign up for RapidPass to complete their pre-donation reading and health history questions online and save up to 15 minutes during their donation. The process usually takes an hour.

Belgian Red Cross orders offices to remove crucifixes

Belgium , Crucifix , International Red Cross

BELGIUM, December 5, 2017 (LifeSiteNews) – The Belgian branches of the Red Cross have been ordered to remove crucifixes from their offices out of respect for "the principles of the Red Cross."

The instruction came from the Provincial Committee of the Red Cross in Liège, Breitbart reported, because the organization is "looking to become more secular."

The news was originally reported by the Belgian outlet 7sur7.

The move is slightly reminiscent of Georgetown's covering of crucifixes when then-President Obama spoke at the university.

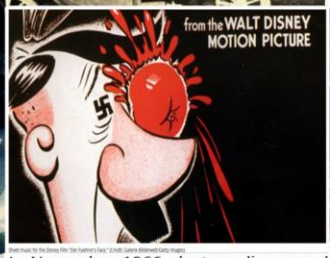

Recently in France, courts have ordered that statues of the Virgin Mary and Pope St. John Paul II be removed.

Mass attendance has significantly dropped in once-Catholic Belgium. The country also has a large influx of Muslim immigrants.

In November 1966, doctors discovered that Disney, a longtime smoker, had lung cancer. He died at a Burbank hospital the following month, on December 15, at age 65. Not long after his death, stories began circulating in the tabloid press that the filmmaker had been cryogenically preserved—that is, he'd been frozen with the hope that science might one day make it possible for him to be brought back to life. Despite the persistent rumors regarding Disney and cryonics, he was, in fact, cremated and his ashes were interred in a mausoleum at Forest Lawn Cemetery in Glendale, California.

The first person to be frozen cryogenically was an American university professor in January 1967. Since that time, more than a hundred others have been cryopreserved, including baseball great Ted Williams, who died in 2002.

Lori Klausutis WAS FOUND DEAD

Which Congressman had a dead woman turn up in his office?

The Story of Psycho JOE Scarborough

Naples Daily News July 21, 2001 The Lori Klausutis Story: Murder in Scarborough Country

"FORT WALTON BEACH, FL. - Lori Klausutis, a 28-year-old office worker for Rep. Joe Scarborough (R-Fl), was found dead in the congressman's district office. Police said preliminary findings from the medical examiner's office showed no foul play or any outward indication of suicide." Autopsy Performed By: Former Medical Examiner Dr. Michael Berkland

Who is Dr. Michael Berkland?

He was a Pathologist whose medical license in the state of Missouri had been revoked in 1998 as a result of Berkland reporting false information regarding brain tissue samples in a 1996 autopsy report. Berkland never denied the charges. He moved to Florida in 1997 and in July 1999, Berkland was suspended from his position as Medical Examiner in the State of Florida. Yet in 2001 he was issuing reports on Klausutis's death that were questionable if not downright false. Berkland continued to get into trouble and in 2003 not only was he fired but had his license as Medical Examiner withdrawn.

Begin with former Medical Examiner Dr. Michael Berkland whose autopsy results help bury Lori and all legitimate questions surrounding her death.

Devil's Breath

The World's Scariest Drug

A hazardous drug that eliminates free will
and can wipe the memory of its victims

The drug is called scopolamine but
is known as "The Devil's Breath"

IT ONLY TAKES A MOMENT

Scopolamine can be blown in the face of a passer-by on the street, and within minutes, that person is under the drug's effect - scopolamine is odorless and tasteless. ' You can guide them wherever you want... It's like they're a child.'

On my first day at the BLI, I stepped into a world that reminded me of nothing so much as Dante's *Inferno.* Room after room filled with women, all twisting and writhing in rubber-sheeted beds like oversized baby bassinets, all shrieking at the top of their lungs in the most hideous agony. I was appalled. It was like something from the nineteenth century. From the eighteenth century.

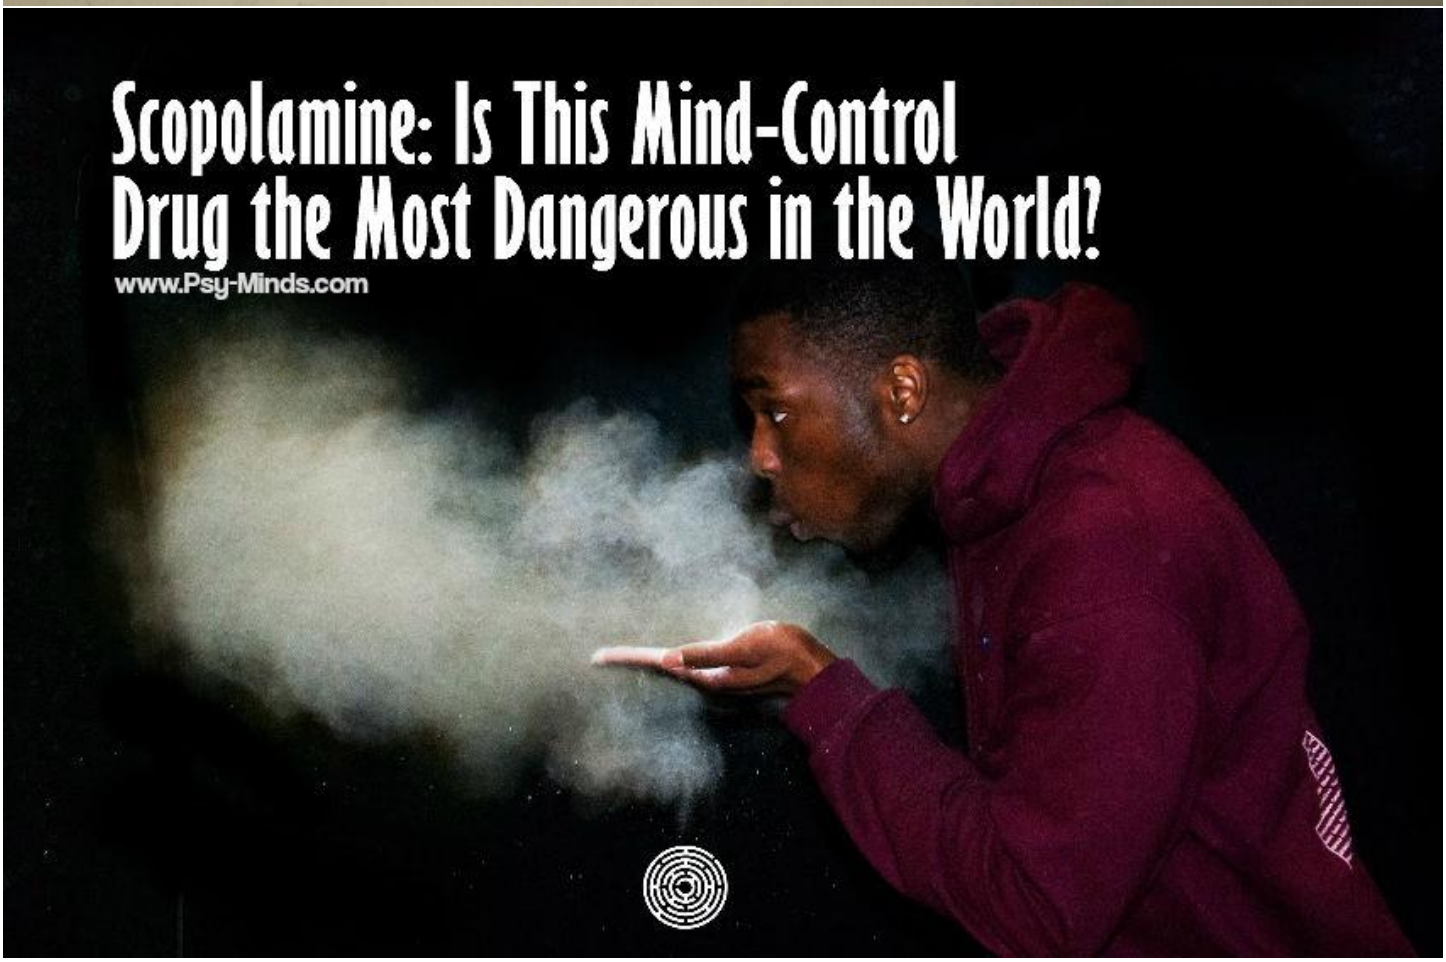

"Yeah, well, these women are all on scope," the resident said. "They all insist on it. They come in the door and, the very first thing, they go, Give me the shot. So we scope 'em."

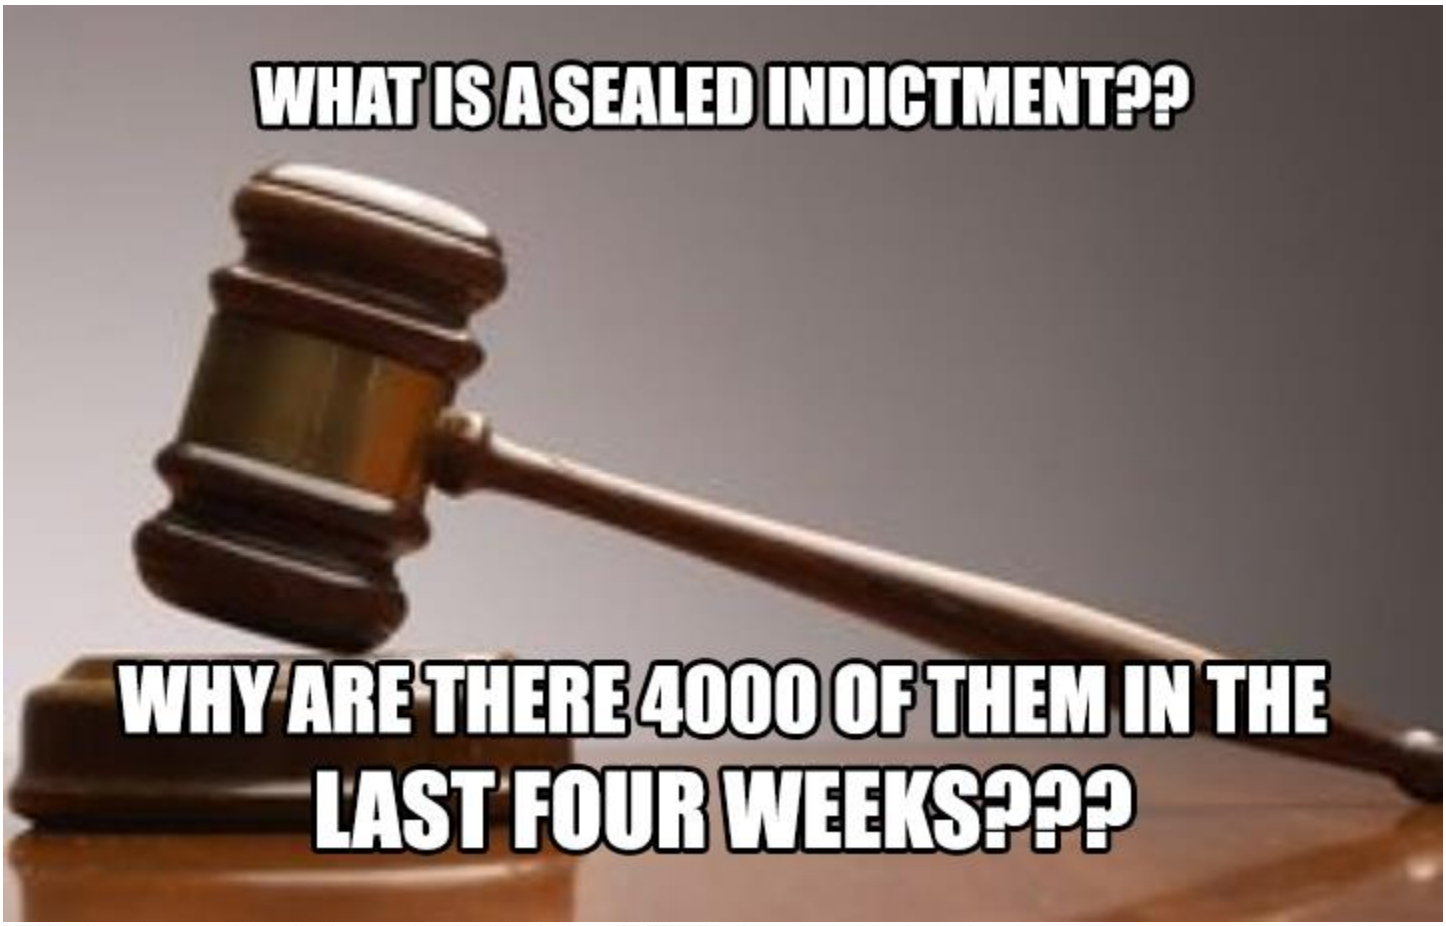

Scopolamine, famed in World War II movies as truth serum, was a soporific drug. But, as the resident explained, it wasn't a painkiller at all.

"That's why they're screaming so much. Scope's not a painkiller."

"Then what's the point?"

"The point is, it's an amnesiac. They're having the pain, but they won't remember any of it when it's over."

THE SWAMP

It's ALL connected

The Matrix: The world we live in

Entertainment — Use movies/pop music to seed consciousness, generate emotions that let's the Cabal use our mass consciousness to manifest their goals.

Predictive Programming (to ensure acceptance of future events)

Use trauma-based mind control to create desired personalities in entertainers.

False Flag Terrorism — Lone gunman mass shootings (for gun control); bombings (to create fear, justify constant wars, divide and conquer, increase 'police state' legislation)

Environment — air, fire, land, water

Use HAARP, DEWs, earthquake 'machines', or Masers (satellite lasers) to destabilize regions

Sanctuary Cities (Paperclip 2) — Safety for illegals (enforcers, spies, votes for DNC)

Patents — "Classify" any patent with technology that threatens a Cabal industry

Media — Use "algorithmic censorship" to control social media

Use money and blackmail to control the MSM. Create daily "talking points".

"I'm woke. Follow me!"

"Many things don't make sense. I'll show you why."

So speak up, be heard and fight, fight, fight.
For the change you've been waiting for your entire life.
For the change that you already see happening.
Our revolution didn't end on November 8th,
that was just the beginning.
The greatest adventure still lies ahead.
Never give in. Never give up. Never back down.
And never ever stop dreaming.
Because we are Americans and the future belongs to us.
The future belongs to all of you.
So with American pride swelling in all our hearts and
American courage stirring in our souls I say these words tonight.
Together we will indeed make America strong again.
We will make America proud again.
We will make America wealthy again.
We will make America safe again.
And put it all together and what do we have?
We will make America great again!
Thank you, God bless you, God bless America!
Thank you everybody."

For the coming days ahead.

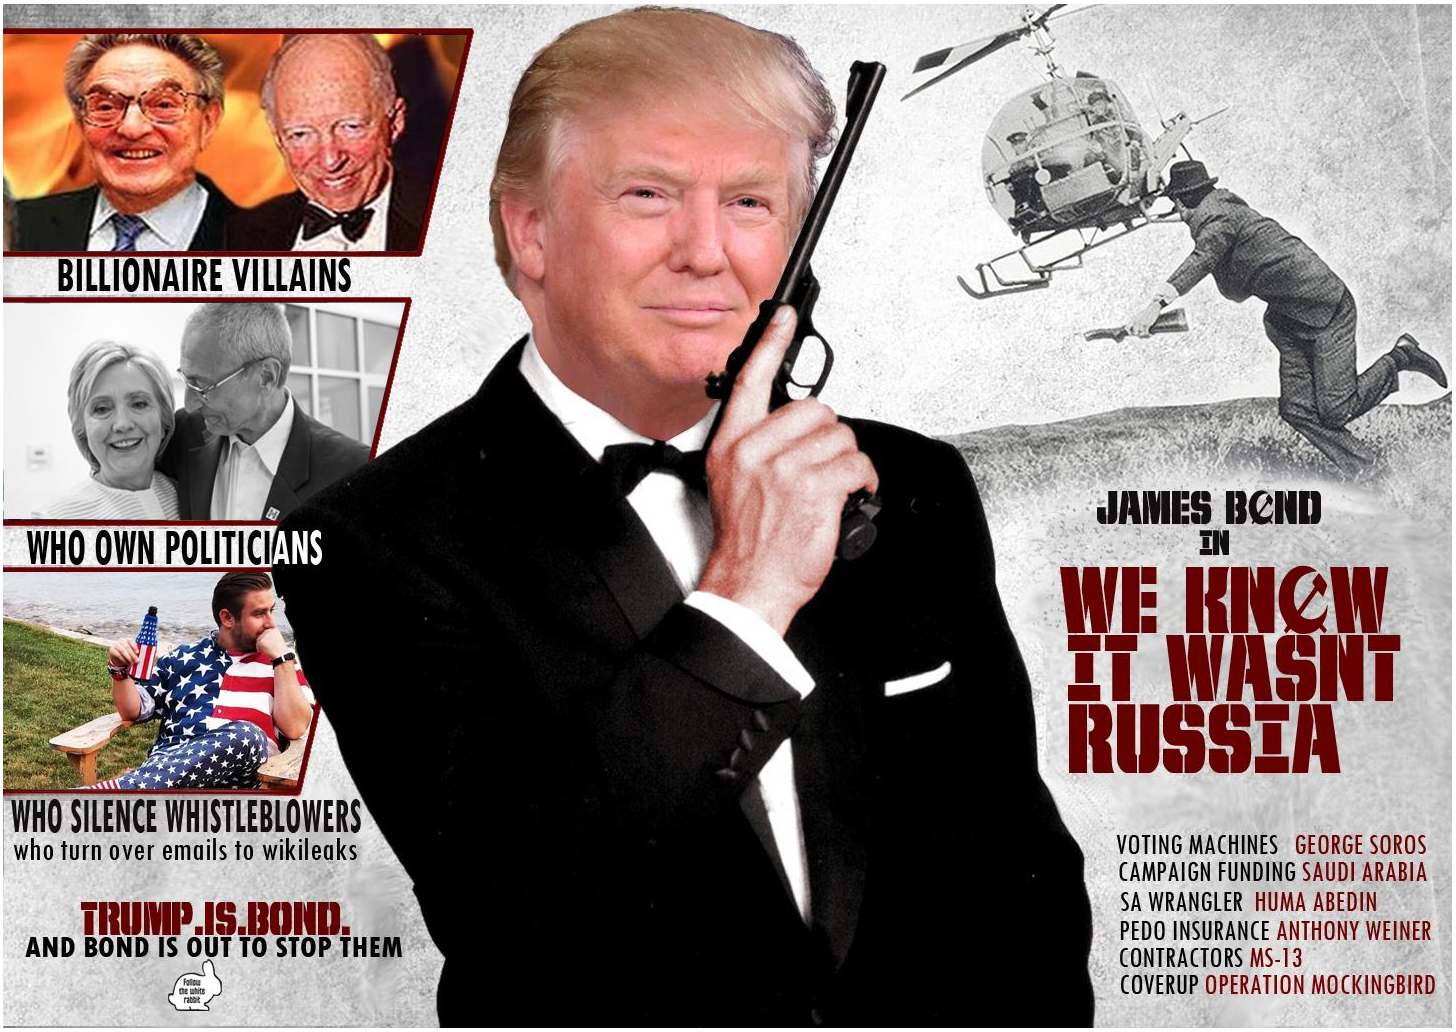

Ask yourself an honest question, why would a billionaire who has it all, fame, fortune, a warm and loving family, friends, etc. want to endanger himself and his family by becoming POTUS?
Why would he want to target himself and those he cares about?
Does he need money?
Does he need fame?
What does he get out of this?
Does he want to make the US/world a better place for his family and for those good and decent people who have long been taken advantage of?

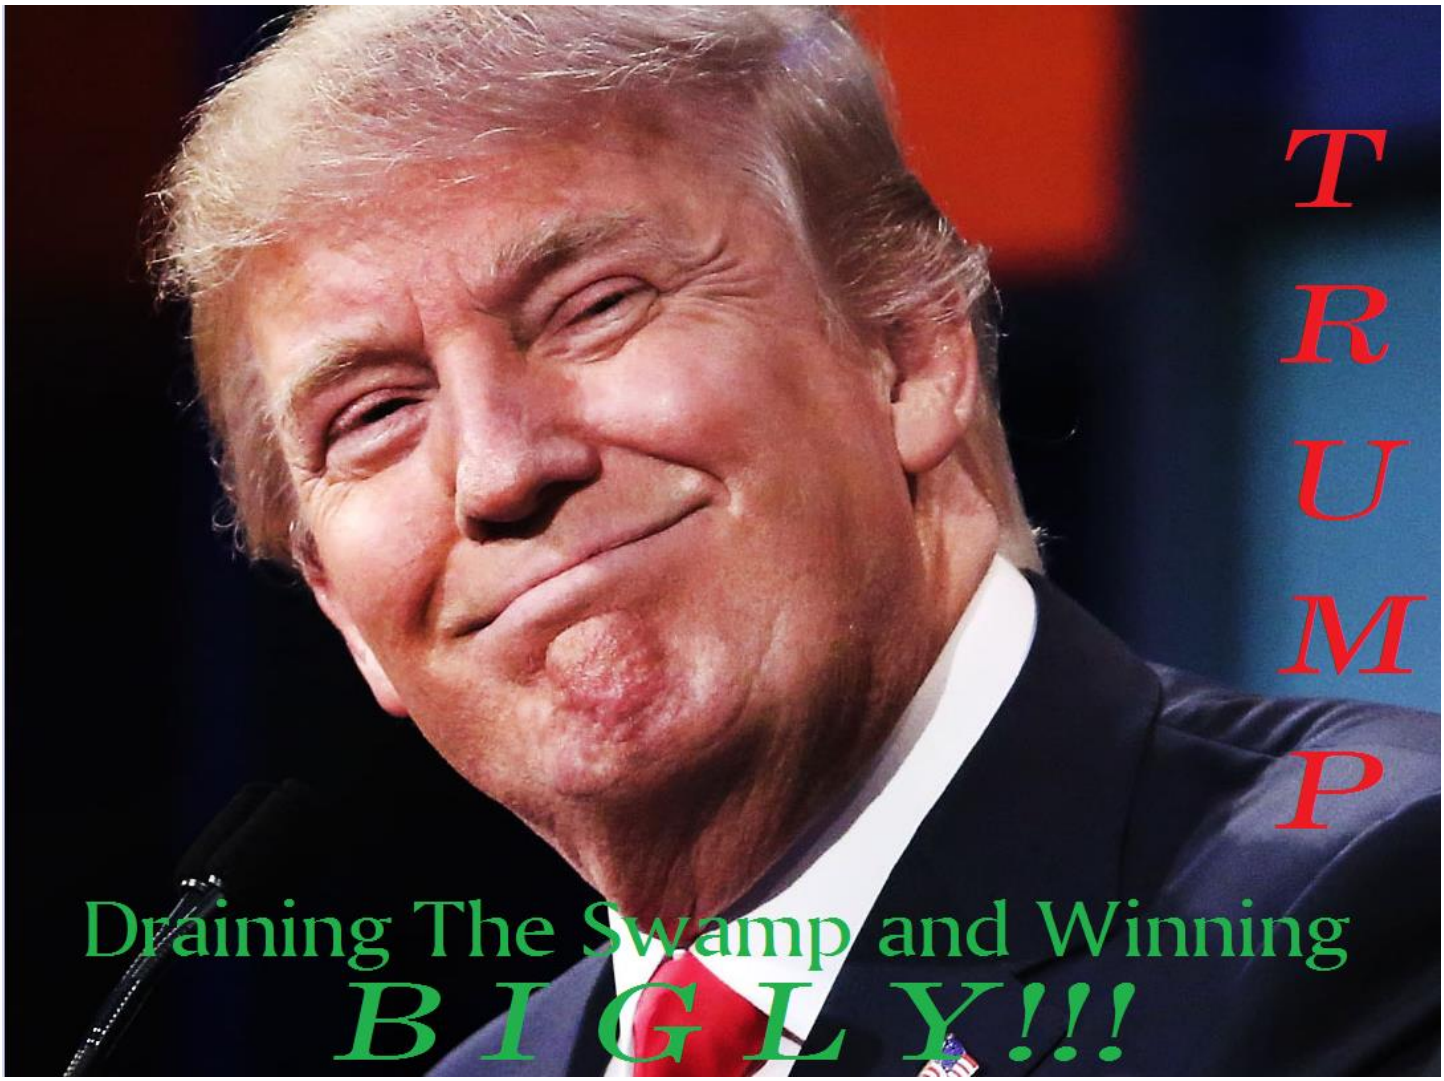

Perhaps he could not stomach the thought of mass murders occurring to satisfy Moloch?
Perhaps he could not stomach the thought of children being kidnapped, drugged, and raped while leaders/law enforcement of the world turn a blind eye.
Perhaps he was tired of seeing how certain races/countries were being constantly abused and kept in need/poor/and suffering all for a specific purpose.

Perhaps he could not in good conscious see the world burn.

It is an established fact that the United States Federal Government has been dissolved by the Emergency Banking Act, March 9, 1933, 48 Stat. 1, Public Law 89-719; declared by President Roosevelt, being bankrupt and insolvent.

MILITARY FLAG WITH THE GOLD FRINGE

Martial Law Flag "Pursuant to 4 U.S.C. chapter 1, §§1, 2, & 3; Executive Order 10834, August 21, 1959; 24 F.R.6865; a military flag is a flag that resembles the regular flag of the United States, except that it has a YELLOW FRINGE border on three sides. The President of the United States designates this deviation from the regular flag, by executive order, and in his capacity as Commander-in-Chief of the military. The placing of a fringe on the national flag, the dimensions of the flag and the arrangement of the stars in the union are matters of detail not controlled by statute, but are within the discretion of the President as Commander in Chief of the Army and Navy." 34 Ops. Atty. Gen. 83.

President, Dwight David Eisenhower, by Executive Order No.10834, signed on August 21, 1959 and printed in the Federal Register at 24 F.R. 6865, pursuant to law, stated that: "A military flag is a flag that resembles the regular flag of the United States, except that it has a yellow fringe border on three sides."

What Does The Gold-Fringed Flag Signify?

It is commonplace to see a gold-fringed United States flag standing in the present-day courtrooms.
Is the gold fringe there for decoration only, or does it signify a certain jurisdiction?
Make no mistake about it -- the American People have been put on notice that the normal constitutional functions of government have been suspended and that their Land has been placed under martial law.
The information below is not by any means exhaustive, but will at least point the reader in the right direction to do additional research on his own.

Pursuant to the "Law of the Flag," a military flag does result in jurisdictional implications when flown
(Ruhstrat v. People, 57 N.E. 41, 45, 185 Ill. 133, 49 LRA 181, 76 Am).

Breitbart News – Along with Visa, Mastercard, and cash, visitors wishing to access the Vatican Museums now have the option of paying in blood.

"Without blood, there is no life. Without art, life would be empty and sad," said Barbara Jatta, director of the Vatican Museums

ILLUMINATI CARD GAME

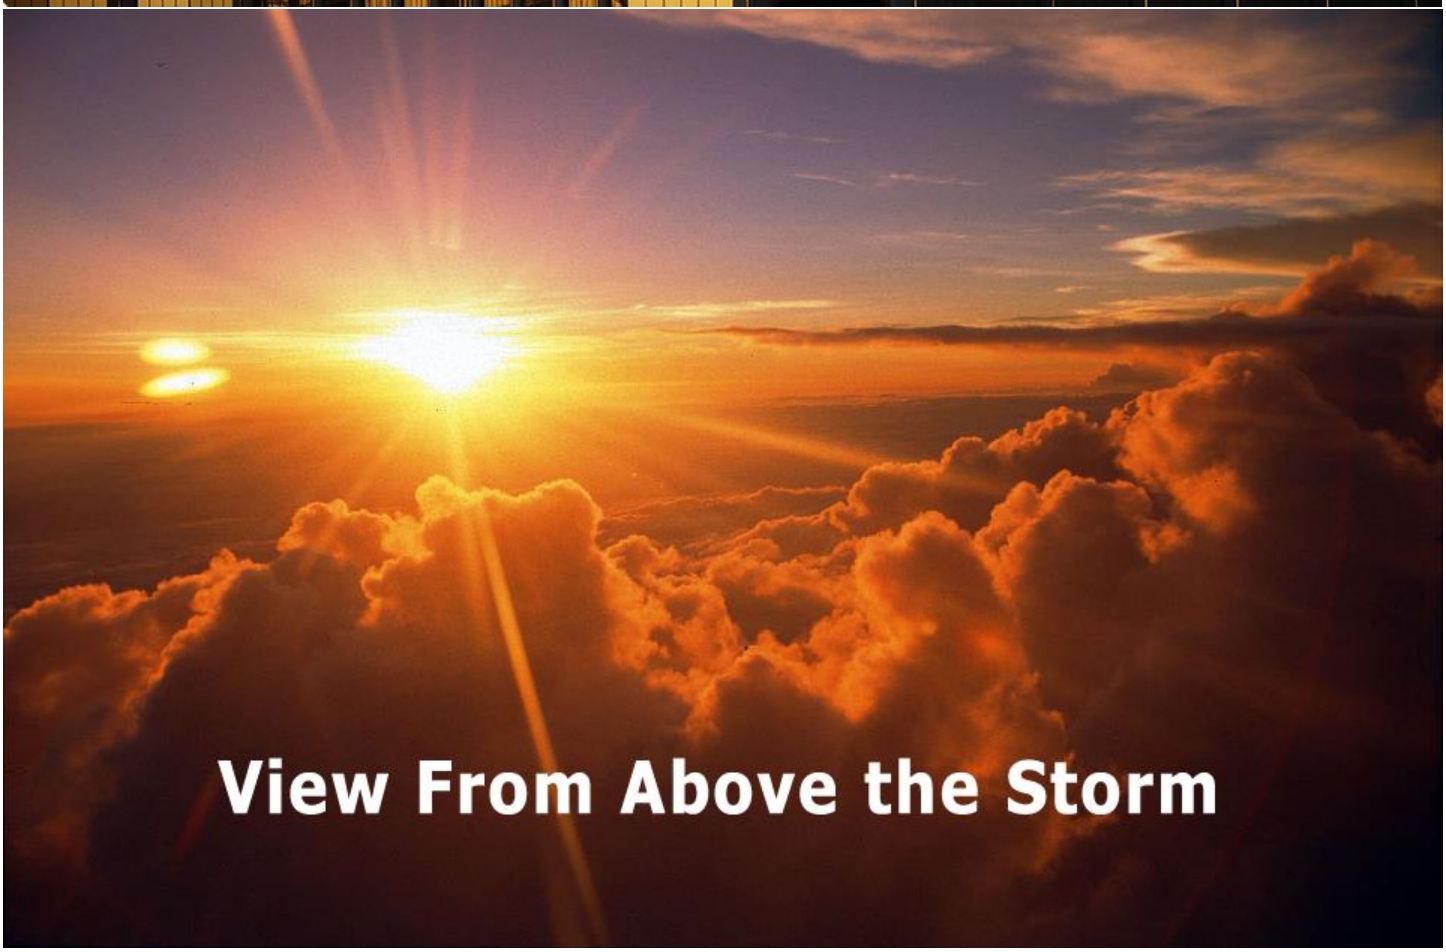

LAS VEGAS SHOOTING CONNECTIONS

This card game released in 1996, has predicted many other events from 9/11 to the Boston bombing. On this "Las Vegas" card, we can see a Jack and an Ace. In Blackjack the Jack holds a face value of "10" while the Ace can be a "1" or "11", this can be translated to 10/1 the date of the attack. Not only that but "J" is the 10th letter in the alphabet and "A" is the 1st letter, this again translates to 10/1. The "J" and the "A" also represents the initials of Jason Aldean, the singer who was performing when the attack started. This was planned!

Al Qaeda in Syria ('White Helmets') 'quietly disappointed' at missing Nobel Peace Prize

"Quiet disappointment" for Syrian White Helmets

Apparently there was "quiet disappointment" at the headquarters of the Syrian White Helmets, considered a favourite to win the prize.

These moderate head choppers were quietly disappointed, but they plan to go back to their day jobs

Folks, let me spell it out to you:

YOU HAVE BEEN CHOSEN TO WITNESS THE RISE OF THE NEW WORLD ORDER.

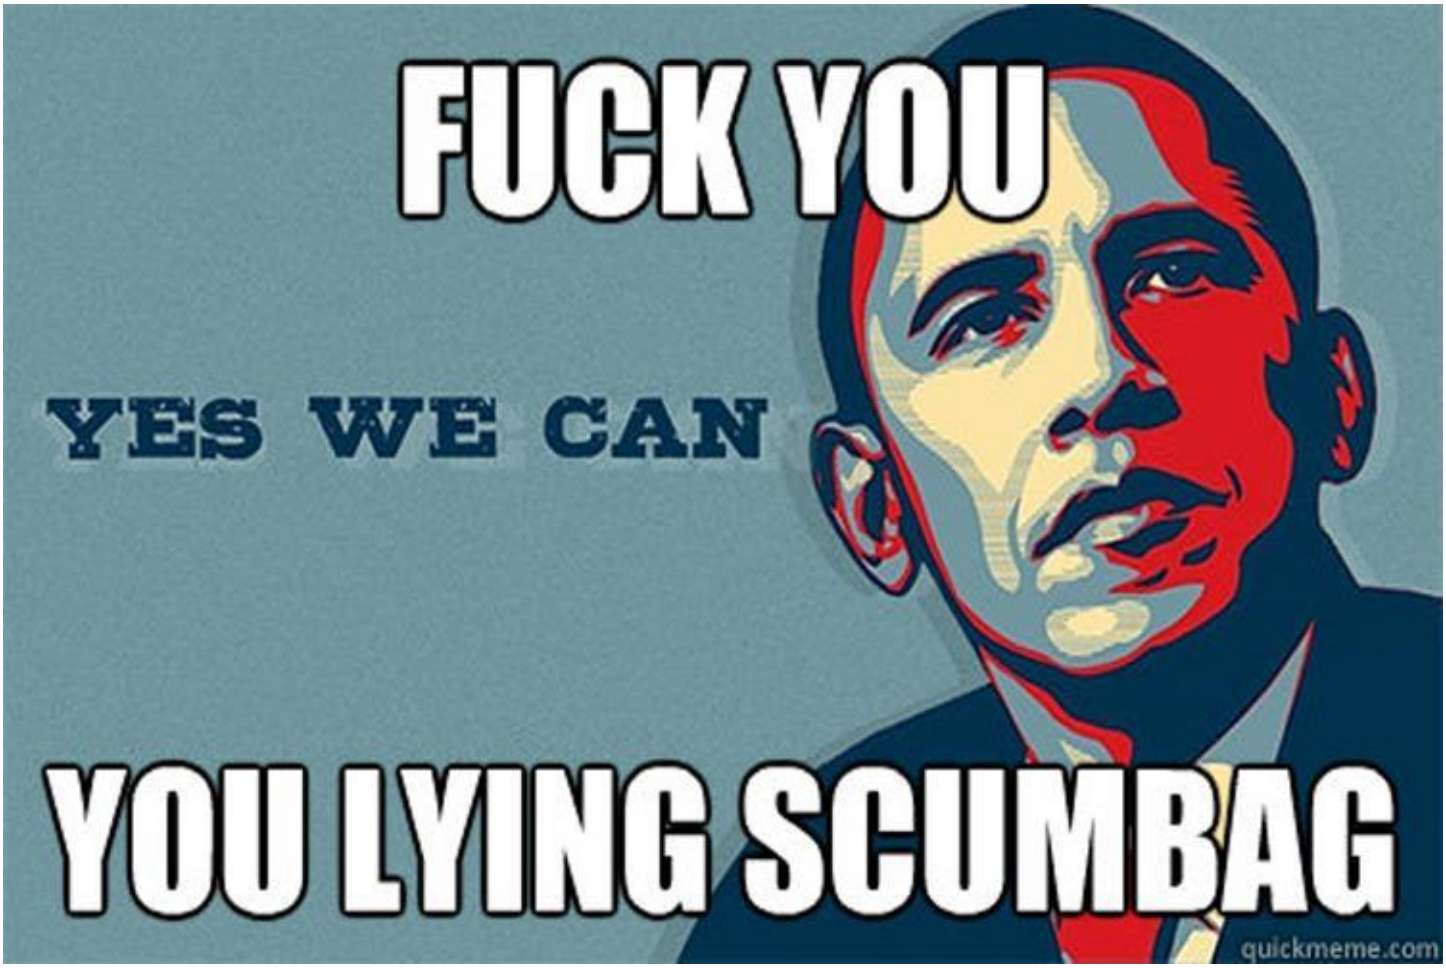

Yeah, that thing you've been calling the New World Order? It's the Old World Order now.

YOU ARE THE PROPHETS OF THE FUTURE.

It is your responsibility to tell people the Good News.

Focus, and bring your countrymen into the new millennium, without the relics of old.

And don't forget to take a moment and pray. For Trump. For us. For yourself.
